

OPPORTUNITIES FOR LEARNING PUBLIC CHARTER SCHOOLS

ENGLISH LANGUAGE DEVELOPMENT MASTER PLAN

Opportunities For Learning
Public Charter Schools

Mission Statement

Opportunities for Learning’s mission is to create an educational choice for all students. Our staff connects with students to empower and inspire them to achieve their goals and make their dreams a reality. Opportunities for Learning will assist students as they develop supportive relationships that enable them to manage work life and familial responsibilities. Our vision is to re-engage students by giving them the skills and confidence to become lifelong learners who contribute to their community.

Message from the Team

“Every member of the Opportunities for Learning community is committed to helping each student succeed in school and in life. We wholeheartedly believe that student success comes from valuing every student and providing individualized support while they work towards their goals and dreams. Opportunities for Learning values its diverse student population, and this master plan will help us to ensure that students with varying language backgrounds and needs receive the attention, tools, and support they need to be successful.”

OFL - William S. Hart

Acknowledgements

We would like to thank and acknowledge the dedicated efforts and collaboration of teachers, site and charter administrators, and support staff. Their expertise and ideas resulted in a robust and comprehensive plan to ensure English learners receive high quality English language and academic instruction throughout their entire school career at OFL-WSH. We especially want to express our gratitude to these dedicated individuals for their time, insight, and assistance in the development of the English Language Development Master Plan.

About Opportunities for Learning Public Charter Schools

At Opportunities for Learning Public Charter Schools (OFL), our effectiveness stems from a focus on building close relationships with our students and creating a safe learning environment that allows them to thrive. The following are hallmarks of our program:

Student Commitment: Students attend our schools by choice – they want to be with us. All students sign an agreement stating their commitment to earn a high school diploma, GED or certificate of completion by voluntarily adhering to our enrollment requirements; attendance, work production, test performance, and graduation.

Guided Individualized Instruction: Our students receive personalized attention from highly qualified teachers who care about them and their success. We encourage our students to work hard on challenging tasks and help them focus on the idea that their struggle is an opportunity for growth and emphasize growth-mind-set interventions (Paunesku et al., 2015) which focus on the process of learning and not the end result as the reward. This process gives our students a sense of purpose and re-energizes their desire to learn resulting in accomplishing meaningful academic and personal goals.

Small Group Instruction: Students can take advantage of tutorials and small group instruction with a highly-qualified credentialed teacher when a direct instruction format is most appropriate.

Flexible & Self-Paced: Students work independently and at a pace tailored to each individual's ability and learning level, as teachers keep them on track to graduate in an appropriate time period.

Open Enrollment: In our year-round program, students can enroll at any time and have access to their teachers and school 240 days a year.

Continuous Learning: Our schools are open 12 months a year. This means more time spent learning with minimal interruptions. This allows students an opportunity to have greater access to qualified teachers, more time to catch up on credits or work at an accelerated pace, and a safe space for them throughout the year.

Subject Matter Focused: In many cases, students focus on just one or two subjects at a time, helping students be in control and focused, and encouraging them to gain self-confidence.

Accountability: Our students are monitored and assessed on a regular basis to ensure progress in meeting required Common Core State of Standards. All students are required to participate in all state-mandated testing.

ELD Instruction: ELL students at OFL receive targeted and tailored instruction that addresses individual student needs. Our EL students meet with EL Specialists weekly for designated appointment sessions. During this time, students work with EL Specialists in a one-on-one setting. This appointed hour is a dedicated time when students use the ELD curriculum to improve their proficiency skills. The EL Specialist also works with the students and helps them navigate through the core content curriculum. This process allows students equal access to both content and designated curriculum.

College & Career: OFL - William S. Hart prioritizes educating students on college and career options, as well as providing ongoing opportunities and resources throughout the school year to better prepare students for their post-secondary futures. This includes job skill development workshops, certification and work experience offerings, networking opportunities, and post-secondary education preparation. OFL - William S. Hart has an exclusive partnership with organizations that are federally funded through the Workforce Innovation and Opportunity Act (WIOA). WIOA is integrated into daily dialogue with students through WIOA openers and is integrated into our curriculum through courses such as Financial Literacy/Entrepreneur Skills. All students are constantly exposed to WIOA ideals as a main tenet of our school mission.

English Language Development Master Plan

According to the California Department of Education , in the 2020-2021 school calendar year, an approximate 1.2 million English Learners (ELs) studied in California public schools which constitutes 18% of total enrollment in California public schools. Of the English Learner data collected in California, 93% of the languages spoken in California were, in descending order: Spanish, Vietnamese, Mandarin, Arabic, Cantonese, Korean, Filipino, Punjabi Russian, Farsi and Korean. These students may come from non-English-speaking homes and backgrounds and typically require specialized or modified instruction in both their English language and in their academic courses. Additionally, there is a subgroup of students whose native language is English, but who may need additional support in acquiring academic English literacy (Okoye-Johnson, 2011). In this document, they will be referred to as Standard English Learners (SELs).

Opportunities for Learning Public Charter Schools (OFL) strives to provide quality and equitable opportunities for academic achievement to all of its students including those who exhibit less than reasonable fluency in academic English literacy. The English Language Development Master Plan (ELDMP) is a practical guide for all staff to use as they provide equitable services to every EL and SEL at OFL. It is to be reviewed every five years or earlier if needed.

In order to ensure full implementation of the ELDMP, OFL requires mutual accountability of teaching staff and leadership for ongoing assistance in helping each school develop and implement practices that are consistent with the most current ELDMP and to monitor its implementation.

The OFL Master Plan for ELs and SELs has been developed in accordance with current research and state and federal law for the purpose of accomplishing the following goals:

- To guarantee the delivery of quality instructional programs for all ELs and SELs throughout our schools
- To ensure that our instructional program meets the needs of our EL and SEL population
- To provide procedural information on the identification and assessment, placement, and reclassification of students who have been identified as having less than reasonable fluency in English
- To provide on-going professional development and best-teaching practices that respect, affirm, and build upon the language and culture of each child
- To define how our EL programs are evaluated annually for efficacy

OFL has developed a broad and innovative range of program options and supports for our ELs and SELs to guarantee them equal access to a quality instruction based on the data dive conducted during our annual Comprehensive Needs Assessment. Additionally, our instructional efforts are structured with the intent of providing

[Back to Top](#)

appropriate English Language Development (ELD) to move students toward proficiency in academic English while providing them scaffolded access to core curriculum.

In conjunction with the California English Learner Roadmap policy, we affirm, welcome and respond to a diverse range of English Learner strengths, needs, and identities by providing our students with an asset based education. Our program celebrates and builds upon the cultural and linguistic assets students bring to their education, in a safe and affirming school climate.

Our program is predicated on equitable access, and we celebrate students' race, ethnicity, and linguistic background. We value each student's cultural heritage and use their experience to help us build foundational literacy skills. WSH ELD Roadmap ensures that our ELD program is predicated on System Conditions that Support Effectiveness, Alignment, and Articulation Within and Across Systems, intellectual quality and meaningful access, and our program is assets-oriented and needs-responsive.

In addition to helping our ELs and SELs acquire academic literacy, we are preparing them to navigate college and the job market, enhance their citizenship, and become global citizens in the 21st Century. In order to help our students' innovative ideas flourish, our students have opportunities to explore, experiment, imagine, learn, and discover through the various learning opportunities we offer to enhance their intrinsic motivation and passion and give them purpose.

According to Wagner (2008, 2012), in order to be prepared for the 21st Century, students need to possess the following survival skills:

- critical thinking and problem solving
- collaboration and leadership
- agility and adaptability
- initiative and entrepreneurialism
- effective oral and written communication
- the ability to access and analyze information
- the ability to be able to have and use curiosity and imagination
- play
- passion
- purpose

We understand the obligation to prepare all of our students for the 21st Century. Therefore, we have interpreted and incorporated these survival skills into the curriculum as exemplified in the following table so that all of our students can be prepared for their academic lives and the careers of the future.

Skills for Academic Success

Learning and Innovation Skills

- Critical Thinking
 - Reasoning, systems thinking, making judgments and decisions, solving problems
- Communication and Collaboration
 - Articulating ideas, listening, collaborating productively
- Creativity and Innovation
 - Creative thinking, learning from mistakes, implementing innovations

Digital Literacy Skills

- Information Literacy
 - Accessing, using, managing, and evaluating information; Understanding ethical issues about using this information
- Media Literacy
 - Analyzing media's messages, purposes, and potential to influence beliefs and behaviors; creating media products
- Information and Communication Technology Literacy
 - Using technology as a tool to research, organize, evaluate, and communicate

Career and Life Skills

- Flexibility
 - Adapting to changing roles and responsibilities; Handling of praise/criticism
- Initiative
 - Managing goals and time; Working independently
- Social and Cross-cultural skills
 - Interacting effectively in diverse teams; Developing an inclusive and equitable mindset
- Productivity
 - Managing projects, tasks, and time; Collaborating effectively
- Leadership
 - Guiding and inspiring others; Maintaining integrity
- Soft-Skills Preparation
 - Being responsible, Developing communication skills, Problem-solving, Stress management, Conflict resolution, and Organization
- Adaptable Job Skills Training
 - Exposure to current in-demand jobs through internship opportunities and career fairs

Introduction

The mission of Opportunities for Learning - William S. Hart (OFL - WSH) is to create an educational choice for all students. Our staff connects with students to empower and inspire them to achieve their goals and make their dreams a reality. OFL - WSH helps students develop supportive relationships to better manage work, life, and family responsibilities. Our vision is to re-engage students who are out of school or at risk of dropping out and empower them to become lifelong learners who contribute to their community and are productive members of society.

Most importantly, OFL - WSH believes a vital component of preparing students for college and career readiness is meeting the whole student's needs. Therefore, social-emotional learning through experiential activities and community service is embedded into the educational model. Research has shown that social-emotional learning develops students' life skills, which produces positive lifetime outcomes.

A critical component of OFL - WSH is in preparing students to obtain the knowledge, skills, and abilities to become gainfully employed upon graduation. The Charter School implements an exclusive partnership with workforce providers who are federally funded under WIOA. The implementation of this partnership provides OFL - WSH students with the opportunity to gain valuable career readiness, internship experience, and the opportunity to be certified in specific trades. Additionally, Vocational Training and Certification Services are provided by the partnership.

Our year-round academic program offers our at-promise youth a blended learning program that includes independent study, small group instruction, and online courses as an alternative to a traditional classroom program. Students who have not been successful or satisfied with their experience in traditional schools can achieve in our program. OFL - WSH combines personalized learning plans with self-esteem and leadership development, as well as a rigorous college-preparatory curriculum and Exclusive Workforce Innovation and Opportunity Act (WIOA) partnerships, to ensure that all students, regardless of their school experiences in the past, increase their options upon graduation for either post-secondary learning or entering the professional market. Students are enrolled in courses leading toward a high school diploma or re-entry at grade level in a comprehensive or alternative school program.

We fully embrace the *Lau v. Nichols* (1974) Supreme Court decision that states:

There is no equality of treatment merely by providing students with the same facilities, textbooks, teachers, and curriculum; for students who do not understand English are effectively foreclosed from any meaningful education We know that those who do not understand English are certain to find their classroom experiences wholly incomprehensible and in no way meaningful.

[Back to Top](#)

In order to ensure that our ELs and SELs' linguistic and academic needs are met, we integrate and give them full access to the entire curriculum in a way that makes instruction comprehensible and meaningful.

Guiding Philosophy

Teachers and students are “reflective practitioners”. Teachers continuously examine and reflect upon their teaching practice, applying strategies in ways that meet the unique needs of their student populations. Students actively engage and participate in the curriculum and begin to actively plan and assess their own learning.

Specific learning goals for all in all content areas:

Specific teaching goals for all educators (these goals are not limited to the classroom or independent study teachers, but all stakeholders including but not limited to instructional leaders, instructional coaches, and tutoring staff):

- Afford opportunities for students to engage in metalinguistic and metacognitive processes and help students to discover how language works in complex texts.
- Scaffold student ability to engage in sophisticated interactions with text to “develop conceptual, academic, and linguistic skills” and to engage in deliberative discourse.
- Help students use language as a tool for reasoning and understanding.

Guiding Theoretical Principles for Educating English Learners

The overarching objective of our ELD program is to help students build strong English language proficiency skills while assisting them in developing a solid foundation in academic literacy. To achieve our objective, we implement the following guiding principles: to know our learners, create a condition for language learning, design targeted lessons for language development, adapt lessons according to students' needs, monitor language development, and collaborate with other educational partners to improve and build a community of learners. In compliance with the California State Board of Education, our ELD program has adopted the English Learner Roadmap to ensure that our program offers meaningful and quality instruction. Additionally, our ELD lessons are embedded with California English Development Standards and California Content Standards. Opportunities for Learning aligns with the California Department of Education's vision for English Language Learners, which states that English learners fully and meaningfully can access and participate in a twenty-first century education from early childhood through grade twelve that results in their attaining high levels of English proficiency, mastery of grade level standards, and opportunities to develop proficiency in multiple languages.

Opportunities for Learning Guiding Principles:

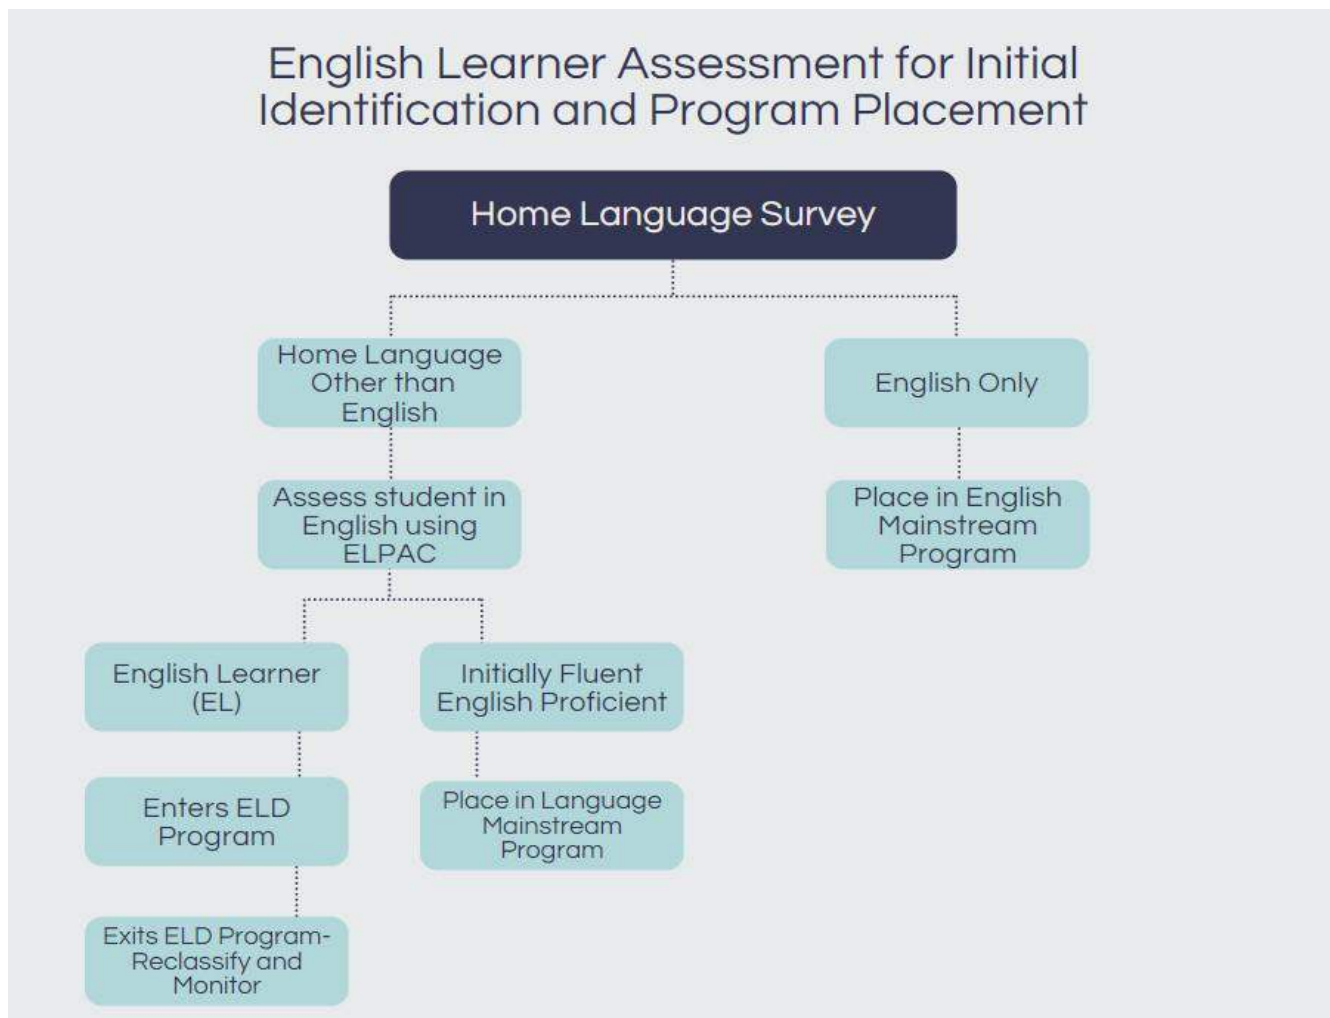

1. **Asset-Based Approach:** Students' native language, and cultural background is valued as an asset and taken into consideration during instruction. Students are encouraged to take foreign language courses. School culture and educational environment is predicated on inclusion and equitability. All staff value the diversity of experience that the students bring into the classroom and use the experience to build background knowledge.
2. **Inclusive Language Learning Environment:** Our schools cultivate a safe learning environment where students can practice and engage with language in various modalities. This includes having students work in small groups along with partner work and one-on-one instruction. The flexible grouping allows students to practice and participate in building speaking and communication skills.
3. **Targeted Instruction:** ELD teachers use internal and external assessments to inform instruction and SIOP features are embedded within each lesson. Opportunities for Learning provides designated ELD courses along with one-on-one ELD instructional time for all English learner students. Learners engage in meaningful tasks where they practice to improve reading comprehension, writing and other literacy skills. ELD teachers guide through content and core class curriculum to ensure equal opportunity and access to the standards-based curriculum.

4. **Monitoring Language Development:** The ELSP team reviews assessment scores and other academic performance measures to help them create the Academic Learning Plan for individual students. The Academic Learning Plan (ALP) is an individualized learning plan which delineates the specific academic and language supports, accommodations, and/or modifications to be used across all content areas. Language goals, along with testing and content support are monitored throughout the year, and reviewed each semester. The ELSP team utilizes the ALP to meet with all educational partners to discuss students progress in language and academic development.

5. **Stakeholders Engagement:** WSH OFL works closely with other educational partners to improve and build on our ELD program. The District English Learner Advisory Committee (DELAC) meets monthly to inform and solicit feedback from all educational partners regarding the current progress of our ELD program. The committee reports on salient compliance issues, discusses overarching LCAP goals, and reviews, examines, and provides feedback on ELD department benchmarks.

6. **The Sheltered Instruction Observation Protocol (SIOP) Model:** is one that facilitates content comprehensibility for our EL population and which is conducive to the application of the above research findings. Therefore, the SIOP Model is one of the models applied in our instructional programs. OFL-WSH teachers participate in SIOP professional development. Our aim for all of our students is to reach high-quality intellectual accomplishment that enables them to construct new knowledge. In constructing this knowledge, they are able to express their own ideas with a value that goes beyond school and is relevant, applicable, and real to their own world and their lives beyond school.

The Enrollment Process

Home Language Survey

- As part of the enrollment process ([Appendix A](#)), the student’s parent and/or legal guardian or the student themselves, if over 18, completes the Home Language Survey- HLS ([Appendix A](#)). This document is used to determine the primary language and is kept on file for each student. If a parent or student over 18 indicates a language other than English on the HLS, then the student is referred to the English Language Development (ELD) Department staff.
- Information from the Home Language Survey is entered into the student information system and verified by the ELD Department. In addition, the staff requests previous language assessment records from the student’s previous school.

- If a student is enrolling for the first time in a California public school, for the first time in a U.S. school, or if previous language proficiency assessment results are unavailable, the ELPAC Initial Assessment is administered.

Initial Language Assessment

Initial Assessment

Students are administered the ELPAC by an ELPAC-trained ELD Admin, within 30 calendar days from the date of enrollment. Once the test is completed, the local scoring process will occur as follows:

- Listening and Reading domains for all grades will be scored automatically in the test delivery system.
- The Speaking domain for all grades will be locally scored at the moment, and then the test examiner will enter the student responses and scores into the Data Entry Interface (DEI).
- The Writing domain student responses for grades three through twelve will be scored locally in the Teacher Hand Scoring System (THSS).

The results are used to determine initial language proficiency. Parents of students will receive a copy of the student score report that determines their language proficiency status. The calculated ELAS results of either EL or initial fluent English proficient (IFEP) will be sent from TOMS to the California Longitudinal Pupil Achievement Data System (CALPADS) through a nightly file transfer. LEAs (Skyrocket ELD Admin) will need to run the Student English Language Acquisition extract from CALPADS to upload the ELAS into their student information system.

Designations

Level	Description
Initial Fluent English Proficient (IFEP) 450-600	Students at this level have well developed oral (listening and speaking) and written (reading and writing) skills. They can learn English to learn and communicate in meaningful ways that are appropriate to different tasks, purposes, and audiences in a variety of social and academic contexts. They may need occasional linguistic support to engage in familiar social and academic contexts; they may need light support to communicate on less familiar tasks and topics. This test performance level corresponds to the upper range of the “Bridging” proficiency level as described in the 2012 <i>California English Language Development Standards, Kindergarten Through Grade Twelve (2012 English Language Development Standards)</i> .
Intermediate English Learner 370-449	Students at this level have somewhat developed to moderately developed oral (listening and speaking) and written (reading and writing) skills. This level captures a broad range of English learners, from those who can use English only to meet immediate communication needs to those who can, at times, use English to learn and communicate in meaningful ways in a range of topics and content areas. They may need some degree of linguistic support to engage in familiar social and academic contexts (depending on the student, the level of support needed may be moderate, light, or minimal); they may need substantial-to-moderate support to communicate on less familiar tasks and topics. This test performance level corresponds to the entire “Expanding” proficiency level and to the lower range of the “Bridging” proficiency level as described in the 2012 <i>English Language Development Standards</i> .
Novice English Learner 150-369	Students at this level have minimally developed oral (listening and speaking) and written (reading and writing) English levels. They tend to rely on learned words and phrases to communicate meaning at a basic level. They need substantial-to-moderate linguistic support to communicate in familiar social and academic contexts; they need substantial linguistic support to communicate on less familiar tasks and topics. This test performance level corresponds to the “Emerging” proficiency level as described in the 2012 <i>English Language Development Standards</i> .

[Back to Top](#)

- If a student's overall IA ELPAC results are scored as minimally to moderately developed (score of 150-449), the student is identified as an EL. See [Appendix B](#) for Performance Level Descriptors.
- If a student's overall IA ELPAC results are scored as well-developed (score of 450-600), the student is identified as initial fluent English proficient (IFEP).

Parent Notification of Results and Program Placement

- Parents/guardians are notified of their child's language assessment results and the recommended educational program. Additionally, they are invited to a meeting to discuss ELD program placement, support options for their child, and the process for exiting the program through the reclassification process. See [Appendix C](#).
- After the initial ELPAC results have determined a language proficiency, parents/guardians are notified and given the opportunity to request a classification review
- The classification review and any corrections must be completed before the ELPAC summative assessment is administered.
- Parents/guardians are notified that ELD services waivers to opt-out/in must be filed with the school site and renewed annually. They are also advised that this does not exempt students from state-mandated assessments.

Annual assessments continue until the student is redesignated as fluent English proficient (RFEP).

Student Assessment and Placement

STAR Renaissance (STAR Ren), Computer Adaptive Test (CAT) assessments in Reading and Math, are administered to students up to three times per school year at OFL-WSH. The goal is to ensure ELs are provided with tools and resources to experience success with Common Core-based independent study coursework and small group instruction (SGI) courses. The process includes the identification of proficiency levels in reading, writing, and math. Placement in applicable interventions, with a goal of students attaining designated level of proficiency, is automatically given to students based on their STAR Renaissance performance levels.

Assessment Process:

- The ELSP team administers the STAR Ren assessment in English and math to ensure students are well-informed as to the purpose of the assessment as well as the performance expectations. The STAR Ren tests are multiple-choice tests.
- Upon completion of all assessments, performance indicators are generated automatically based on standards and strands in which students did not meet designated proficiency levels.
- STAR Ren exams are calibrated to begin at the student's grade level, and then progress in increasing difficulty depending on the student's answer to each

question. No two STAR Ren tests are identical; therefore, making it student-centered.

The following is the scoring rubric and the suggested intervention steps from the Reading STAR Ren test:

Reading			
Group	Scaled Score	Available RTI Interventions	Expectations to look for in Reading
At/Above Benchmark	8: At/Above 1250 9: At/Above 1292 10: At/Above 1315 11: At/Above 1322 12: At/Above 1333	<ul style="list-style-type: none"> Expository reading and writing class 	<ul style="list-style-type: none"> Clearly identifies purpose and sequence of ideas. Chooses evidence along with supporting details. Identifies errors in grammar, punctuation, mechanics, and spelling. Chooses precise language. Chooses effective transitional devices throughout. Understands varied simple and complex sentences.
On Watch	8: 858-1249 9: 919-1291 10: 958-1314 11: 993-1321 12: 1080-1332	<ul style="list-style-type: none"> Achieve 3000 Class Students enroll in an SGI class 	<ul style="list-style-type: none"> Identification of purpose and sequence Ability to pair evidence with supporting details Understanding of varying sentence structure Knowledge of word choice Ability to correct errors in mechanical conventions
Intervention	8: 590-857 9: 662-918 10: 675-957 11: 716-992 12: 762-1079	<ul style="list-style-type: none"> Achieve 3000 Class Students enroll in an SGI class Additional tutoring One-on-one intervention. Students have 	<ul style="list-style-type: none"> Limited identification of purpose and sequence Limited ability to pair evidence with supporting details Limited understanding of varying sentence structure Limited knowledge of word choice Limited ability to correct errors in mechanical conventions

		priority to enroll in an SGI class	
Urgent Intervention	8: Below 590 9: Below 662 10: Below 675 11: Below 716 12: Below 762	<ul style="list-style-type: none">● Achieve 3000 Class● Students enroll in an SGI class● Additional tutoring● One-on-one intervention.● Students have priority to enroll in an SGI class● Additional designated ELD instruction	<ul style="list-style-type: none">● Unable to determine purpose● Unable to pair evidence with supporting details● Cannot determine organizational pattern● Unable to correct errors grammar, punctuation, mechanics, and spelling.● Unable to determine sequence of ideas

STAR Ren can be used at various times in a student's academic plan for the following:

1. To remediate.
 - a. To develop EL and LTEL Academic Learning Plans (ALP)
 - b. To help transition to grade level subject matter
 - c. To measure preparedness for CAASPP
2. To provide ongoing assessment
3. To track students' progress to increase performance

Placement:

Based on assessment results, EL students are provided ELD program placement and individually tailored language support that ensures equitable access to all programs offered at OFL-WSH. Our school uses a Structured English Immersion (SEI) model that is designed specifically for students enrolled in an Independent Study and Blended Learning Instruction Program. The SEI Model involves multiple components, including Independent Study Integration, English Language Support Professionals (ELSPs), Designated Instruction, Direct Instruction Classroom Format, and Student Assessment and Placement. All components are considered in the development of each EL students' academic learning plan (ALP). The development of the plan includes the student, parent(s), teachers, ELSPs, and any other support staff so that all educational partners have the opportunity to provide input into developing a well-rounded comprehensive approach to meeting both linguistic and academic needs. The ALP outlines the actions implemented to ensure the student has equitable access in each core subject area, designated ELD instruction block, and any other additional services recommended to create a solid foundation of linguistic support and to metrics against which to measure and monitor progress.

OFL's Educational Structure and Assessment Programs

Educational Structure

OFL's educational structure is specifically designed to meet the needs of students enrolled in a blended instruction program which includes instructional strategies supported by instructors in Independent Study (IS), SGI, as well as online programs, tutors, and EL Support Professionals (ELSPs). Student participation and level of support is determined by ELPAC and STAR Ren assessment and again in the reclassification process.

ELSPs assist in the development of independent study, ELD lesson development, and integration of instructional strategies designed to support our unique EL population. This support includes ensuring inclusive strategies are embedded in academic instruction to support the development of speaking, listening, reading, and writing skills (see [Appendix D](#) for a list of some of the various strategies used at OFL). These subject area professionals use expertise in second language acquisition (SLA) to improve communications with all education partners, ensure the proper administration of ELPAC, implement ELD standards performance data-driven instruction, and provide professional development to educators to increase effectiveness of instruction, staff/student engagement, and compliance with state EL requirements and ELD standards.

In accordance with the ELD standards, OFL offers a variety of instructional resources/strategies that support the development and acquisition of English language skills and access to core content so that ELs can succeed across all areas of study.

Programs include:

- Independent Study Integration
 - Student Activity Workbooks with inclusive strategies
- Classroom Instruction
 - SGI uses SIOP strategies, SLA techniques, and the ELD standards in the following content areas:
 - English Language Arts
 - Mathematics
 - Science
 - Art
 - Social Science
- Online Courses with inclusive embedded strategies

[Back to Top](#)

- Blended Learning with inclusive embedded strategies, ELD standards, and SLA techniques
- STAR Renaissance
- Designated ELD instruction using ELD standards and SLA techniques

Independent Study Integration

Instruction facilitated through the independent study model focuses on student development of the following skills:

- Initiative and self-direction
- Flexibility and adaptability
- Leadership and responsibility
- Productivity and accountability

These skills are in alignment with the goals of ELA/ Literacy and ELD Instruction as stated by the California Department of Education ELA/ELD Framework Support Network, Chapter 2, p. 1:

- Develop in the readiness for College, Career, and Civic Life
- Attain the capacities of literate individuals
- Become broadly literate
- Acquire the skills for living and learning in the 21st Century

OFL students are involved in the planning and implementation of their educational program. Students work independently to complete self-guided assignments and work with independent study teachers as well as small-group instructors and tutors to complete a variety of formative and summative tasks and receive feedback (see [Appendix E](#)). The students' unique one-on-one relationship with instructors allows students to gain knowledge of content, improve communication skills, reflect and assess processes, and build on prior knowledge to improve understanding. Independent study requires students to work at least 4-6 hours per day at home and attend at least two appointments weekly with their independent study teacher. While working at home, students engage independently with ELD strategies as prescribed by the instructor, based on the academic learning plan. Reading and writing are the primary focus of the independent practice while speaking and listening are emphasized with student/teacher as well as peer interactions while at the resource center.

Our core course curriculum is written using the cross-curricular Common Core State Standards (CCSS) and Next Generation Science Standards (NGSS) principles (see [Appendix F](#)), providing ELs multiple opportunities to employ critical thinking skills, challenge foundational skills, and progress towards advanced language classification.

Student Activity Workbooks (SAWs)

Student's self-guided assignments are completed in student activity workbooks (SAWs). SAWs are given to all students and are available in all subjects. In the developments of the workbooks, curriculum developers ensure that EL supports using integrated language support strategies that are accessible to reach students on all levels (see [Appendix D](#) for a list of targeted strategies).

All SAWs:

- Focus on college and career readiness and learning for life.
- Reflect an understanding of 21st century skills.
- Encourage higher-order thinking skills and depth of knowledge.
- Include scaffolding of foundational skills to close learning gaps.
- Require Internet use for research, skill practice, and exploration.
- Incorporate in-depth vocabulary study.
- Allow frequent teacher conferences and other interactions to promote frequent, focused, and effective teacher feedback.
- Teach narrative, analytical, and expository writing techniques.

Addressing the shifts as stated by the CDE and CCSS, inquiry-based teaching and learning have been introduced into SAWs as well. The advantages of inquiry-based learning include: versatility, motivation, authenticity, creativity, and rigor (Bruce, 2011).

In using Inquiry-Based Learning (IBL) students apply a method in which students are actively involved in the learning process by focusing on questions, problem solving, and critical thinking activities. This **versatile** process provides opportunities for students to apply knowledge and skills to various aspects of their school and home environments. Application of this method initially occurs individually and expands to cooperative groups. IBL increases student **motivation** through ownership of information. Additionally, student generated questions encourage active participation in learning and in depth reflection on current and previously acquired knowledge. The time and freedom in this method allows the **creative** process to flourish as student's curiosity is ignited with their increased contact and discovery of new information. **Rigor** is an additional component of IBL that supports higher-level thinking, problem solving, self-correcting and challenges students at their learning level.

5 Phases of Inquiry Based Learning

Through IBL the changes to a traditional teaching and learning structure are significant. The focus is on mastery of the standards and skills, not rote memorization. The teacher is regarded as the facilitator of knowledge and not the sage of knowledge. Students are responsible for culling and gathering resources as opposed to being textbook driven. Students are active participants in their learning and the learning is process and product driven, not goal oriented or assessment driven, giving ELs and all of our students an opportunity to incorporate their own background knowledge, interests, and voice into their learning.

Instructional Strategies/Practices

In addition to the Independent Study Integration program and SAWs, OFL provides for direct instruction. It is important to note that the practices of simultaneous translation and removing ELs from the classroom for a separate “translation” of the instructional lesson during direct instruction are not supported by research evidence and serve to marginalize ELs. These practices are *not permitted* at OFL. The focus of our instructional strategies and practices is on inclusion of our ELs and SELs.

Designated Instruction

OFL-WSH offers designated instruction using Pearson Publishing’s iLit ELD curriculum, which has been California State Board approved, aligned with the California ELA /ELD Standards framework, and is designed to address varied language proficiencies. The course materials were evaluated and received the highest rating under the Every

[Back to Top](#)

Student Succeeds Act (ESSA) effectiveness criteria, which measures how statistically significant publisher submitted instructional materials are in having positive effects on student outcomes.

OFL- WSH provides designated ELD to ELs during a dedicated time in the regular school day. Teachers use the CA ELD standards for each grade level to develop English language skills needed for content learning. Students are provided personalized instruction based on their language proficiency level, in addition to being grouped by grade level for small group ELD instruction.

Since each EL student has an individualized academic learning plan, ELD instruction schedules are tailored to fit the identified linguistic needs. Based on elements like, ELPAC proficiency levels and STAR Renaissance reading performance scores, a student's schedule can range from receiving the minimum of twice a week ELD instruction all the way to five days a week.

The iLit ELD program is a component of Tier 1 instruction designed for English learners, including newcomers. The designated ELD curriculum focuses on developing English for academic purposes, which emphasizes the development of listening, speaking, writing, and reading skills based on relevant literature. The curriculum is composed of standards-aligned materials that include universal access features and integrated SIOP techniques that address the needs of English learners. However, it is not designed to meet the needs of native English speakers or students who have been reclassified in order to provide equitable and effective programs for English learners.

iLit courses are aligned to both ELA and ELD standards which allow students to earn English core credit based on their proficiency levels. Course placement and credit guidelines are determined by results from ELPAC. If results indicate a student is a newcomer, then the student is enrolled in a newcomer iLit course and the instructional program begins at their current level of proficiency.

A maximum of 1 ELD course can be used to satisfy the UC/CSU English "b" requirement. Students who are not pursuing the College Preparatory pathway, or and have already completed almost all graduation requirements may receive credit for English as a Second Language (ESL) and English Language Development (ELD) courses not to exceed 3 years. The student is then required to complete 1 year of core, content-area English to fulfill all 4 years of the English graduation requirement.

*ELD Level	Course Name	Grades	Credits	Credits Towards Graduation		UC/CSU "a – g" Requirements
				English	Elective	
Level 1	ELD Newcomer	8-12	10		10	
Level 2 Grades 8-12 Students may take the ELD Course for English credit in lieu of their grade level core English course	ELD 8-12	8-12	10	10		b (9-12)
Expanding Level 3 Grades 8-12 students at an Expanding Level 3 may take the ELD Course for English credit in lieu of their grade level core English course	ELD 8-12	8-12	10	10		b (9-12)
Bridging Level 3-Concurrent Course Assignment Students at a Bridging Level 3 take their grade level core English course and the ELD Course for elective credit	ELD 8-12	8-12	10		10	g (9-12)
	ELA Core 8-12	8-12	10	10		b
Level 4-Concurrent Course Assignment Students at Level 4 take their grade level core English course and the ELD Course for elective credit	ELD 8-12	8-12	10		10	g (9-12)
	ELA Core 8-12	8-12	10	10		b

In addition to iLit and CORE instruction students are also provided supplemental and intervention options like Achieve3000.

For students who also receive special education services, the special education staff and the ELSPs carefully monitor students' progress and evaluate students' response to

the program within the first 30 days. This is done through curriculum based assessments, STAR Renaissance scores, academic work performance evaluation, and student and parent feedback. On or before 30 days of enrollment, an IEP is held to discuss student progress and response to the program. The previous IEP is reviewed, including any current ELD goals, and the ELSP/IEP team decides to either adopt it or develop and implement a new IEP with more appropriate supports and updated ELD goals and linguistically appropriate assessments. Students receive individualized, intensive instruction and interventions from their special education teacher in addition to support and instruction provided by their English language specialist. The special education teacher works collaboratively and closely with the English language specialist to ensure instructional and assessment methods are aligned so students are supported in reaching goals and making academic progress. If, at any time, the student begins to struggle with their academic performance, social-emotional health, or behaviors, an IEP Progress Review is held to further examine the difficulties and develop a revised plan of support and/or services to improve student outcomes and progress toward IEP goals.

Small Group Instruction (SGI)

The small group instruction (SGI) program works as a mastery-based environment (1-4 point scale) with a strong focus on students being the leaders of their learning. To this end, a large focus of the SGI program is on both formative and summative assessments. Students in the Math, English, and Science SGI program are formatively assessed on a regular basis, and summatively assessed once or more per unit. Formative assessments include many of the normal implements of formative assessment, including exit slips, discussions (both teacher to student and student to student), quizzes, and various aspects of regular student work. Formative assessment also takes place from a student perspective. One of the hallmarks of the SGI program is that students are continually made aware of their own learning through the tracking of learning targets, which are directly linked to CCSS. Hattie's (2009) research suggests that the greatest influence on student learning is when students are able to self-report their own learning, their own grades. The SGI program strives to engender this belief through student trackers that ask students to report their current level of learning and to identify their gaps in learning so that teacher and student can develop an appropriate intervention to recover that gap. Contrary to popular belief, the best feedback is not from teacher to student, but from student to teacher (Hattie, 2007). The small group instructors will often look toward the voice of the student, their specific feedback, to help them formatively assess and drive their instruction. Additionally, students are administered online interim assessments every few units to ascertain a whole class level of learning so the teacher can easily discover deficiency in the standards, therefore allowing them to better plan their future instructional sessions.

EL students participate in SGI classes while being supported with their language literacy needs. One model being used in SGI classes is the SIOP Model (Echeverría, Vogt, & Short, 2013). The six SIOP principles of instruction are to:

[Back to Top](#)

- Provide many opportunities for ELs to develop oral language competency through interaction with others.
- Explicitly link EL's background knowledge and experiences to lesson content and past learning.
- Provide explicit and contextualized vocabulary instruction to ELs.
- Provide meaningful, comprehensible, and accessible lessons.
- Stimulate EL's thinking and provide meaningful activities for students to demonstrate learning.
- Assess ELs frequently, before, during, and after lessons, and plan purposefully, based on the assessment data.

The above principles are interwoven into the SGI program to be inclusive of our EL and SEL student population.

The SGI program seeks to be driven by data by continually using standards mastery to close gaps in student learning. This process involves all stakeholders including parent, students, teachers, and school leaders. A standards-based gradebook and other student mastery trackers are the foundation of this process. Formative applications of data range from standards-based checks for comprehension, to re-teaching days, to using benchmark data for studying for the finals, to evaluation of programs. Again, this process is especially helpful to create interventions necessary for ELs and SELs. Possible interventions include, but are not limited to:

- Student/teacher/parent conference
- Tutoring
- Specialized reading, writing, or math instruction from ELSPs
- Content-based language development support classes
- Primary language support
- Placement in reading, writing, or math support classes
- Achieve 3000

After completion of initial assessments, students are assigned to an EL support team to develop a comprehensive academic learning plan (ALP) to synthesize all evaluation results to design and assign support and interventions, if necessary.

The EL Support Team may consist of the following members:

- Independent Study Teacher
- Small Group Instructor
- Special Education Specialist
- Tutor
- Post Secondary Counselor
- Assistant Principal
- Principal

[Back to Top](#)

- The English Learner Support Professional (ELSP) team:
 - EL Coach
 - EL Specialist

Online Program

The Online Program allows students to complete their coursework entirely online. Students meet with an English Language Specialist (ELS) weekly as their homeroom teacher and have access to online Study Hall and tutoring. During the student appointment, the ELS goes over announcements and then works with students individually to discuss progress and academic planning. Extra academic support is also provided during the student appointment, and students are given the opportunity to make a separate appointment for more tutoring if needed.

Students also have access to SGI classes via Zoom throughout the year and iLit is used to help students with language development. Edmentum is the primary curriculum, which provides extra support to students via the option for text to be read aloud and/or translated to help with understanding.

Online Course Learning

Another instructional model available to students is the option to take online courses through our online vendor, Edmentum. This online platform offers effective solutions for ELs who may find academic coursework challenging as they work on developing their English proficiency. Extensive scaffolding is embedded to increase comprehension as well as to allow for differentiation of instruction based on students' learning needs while teaching to the same content standards as all other courses.

Adaptive scaffolds that can be found in online curriculum are as follows:

- Construction of accessible texts
 - Depth and coherence makes the texts more accessible as well as supports ELL students' reading. The online text is focused on central issues and ideas while leaving out information that does not pertain to the key ideas being presented.
 - Controlled syntax
 - Chunked text
 - Short page length with limited scrolling
 - Vocabulary control exposes ELL students to new vocabulary numerous times to learn the vocabulary. In addition, comprehensible reading texts are designed with the usage of high frequency and monosyllabic words that can be easily decoded to determine academic vocabulary meaning.
 - Controlled vocabulary
- Online features that support access to content

[Back to Top](#)

- Text-to-speech voice overs allow students to listen to text when text is too difficult to read independently.
- Vocabulary rollovers provide definitions, examples, and pronunciations of unfamiliar vocabulary words which supports academic language proficiency. Students can roll the cursor over the unfamiliar word that they need defined without losing their place in the text.
- Links and connections are hypertext links and connections between pages and ideas. Connections allow students to jump back to information previously presented. Links help build connections between ideas.
- Graphic organizers support reading comprehension and content area learning to provide a visual representation to help students organize learning in their minds.
- Presentation of information through multiple modes is used to support concept and vocabulary building , as well as to provide a richer, deeper explanation of the ideas. Examples are:
 - Text
 - Sound
 - Visual images
 - Video
 - Voiceovers
 - Media
 - Interactive self-assessments with immediate feedback
- Engaging content to motivate students to take part in a particular task or activity
 - Contents shown are related to their own lives - real world connections to their concerns and interests

Strategic scaffolds support and teach students how to acquire and when to use strategies with the materials as they engage in their own learning. They learn to use these strategies in the immediate context and in future learning situations. Strategic scaffolds include active reading strategies and vocabulary instructions used to increase students' comprehension and learning.

Scaffolds that can be found in online curriculum are as follows:

- Active Reading Strategies
 - Accessing prior knowledge
 - Making and revising predictions
 - Using text features and visual cues
 - Making inferences
 - Asking questions
 - Making mental images
 - Monitoring (and fixing up)

[Back to Top](#)

- Summarizing
- Vocabulary Strategies
 - Academic Vocabulary
 - Compound words and phrases
 - Words in context
 - Morphemes

Hybrid Learning

Another option students have at OFL-WSH is a hybrid model wherein they are enrolled in an Edmentum course AND assigned an SGI or subject-specific instructor. Just like other online students, hybrid students complete exercises in the Edmentum Learning environment and on study sheets. However, the primary difference between hybrid and standard Edmentum students is the pacing.

OFL-WSH students who take Edmentum courses work through the material on their own and at their own pace. Students who take hybrid courses typically follow a syllabus created by the SGI or subject-specific instructor. Edmentum activities are completed at home as usual, and additional instruction and activities may be completed during class meetings. Though traditional online students receive feedback from their facilitator, hybrid students have the opportunity to receive additional clarification and support through direct instruction. This extra support complements the multimedia rich Edmentum Learning environment, and allows teachers to address a variety of learning styles and special needs.

Reclassification Policy

ELs are reclassified to fluent English proficient based on the following multiple criteria that are identified in California Education Code § 60810 and recommended by the State Board of Education (SBE). The minimum criteria to be considered for reclassification are:

- English proficiency on the ELPAC: Current CDE guidance suggests an overall score of 4.
- Score of Basic or higher on District-adopted standards-based ELA assessments or standards-based common final ELA exam (Grades 6-12)
- A study by the school's ELSPs to compare the performance of the student in basic skills against an empirically established range of performance in basic skills based upon the performance of English proficient students of the same age. This comparison demonstrates whether the student is sufficiently proficient in English to participate effectively in a curriculum designed for students of the same age whose native language is English. This analysis may include:
 - Evaluation of student's listening and speaking, reading and writing skills using a proficiency rubric
 - Authentic student work samples, especially writing samples

- Teacher evaluation, including, but not limited to, a review of the student's curriculum mastery
- Parent consultation and opinion

Reclassification Process

Redesignated Fluent English Proficient (RFEP) is the term used when school districts determine ELs have acquired sufficient proficiency in English to perform successfully in core academic subjects without ELD support. Once reclassified, ELs will still be offered support on an as needed basis and will be monitored for a minimum of four years, as required by state and federal guidelines, to know when additional assistance is needed.

State law requires that ELs participate annually in the administration of the ELPAC to assess progress toward acquiring English proficiency in the language domains of listening, speaking, reading, and writing.

When ELs have demonstrated they are able to participate effectively with English speaking peers in a mainstream English program and have met the criteria for reclassification, they are reclassified as RFEP. They will retain this classification for the remainder of their educational career. OFL- WSH will use and maintain a multi-step checklist (see [Appendix G](#)) to validate the eligibility of a student's reclassification to RFEP using the following steps:

- Step 1 – Test Scores – The ELD Coach will review a list of eligible students. Students must receive:
 - (a) an overall ELPAC score 4 and
 - (b) Renaissance STAR reading proficiency score of Basic or higher appropriate to students' grade level
- Step 2 – Gather and review documents. The ELD Coach will complete the RFEP Form and include the language assessment team's notes.
- Step 3 – Parent first notification letters with notification of student eligibility and request for performance evaluation meeting will be sent home.
- Step 4 - ELSP will conduct student observation using the Observation Protocol Teacher Evaluation Tool, OPTEL Form (see [Appendix L](#)), to determine the EL student's proficiency level in either a classroom setting or Independent study appointment.
- Step 5 – The ELD Coach may facilitate the scheduled parent meeting as a result of the first letter. During the meeting, the team will review all the OPTEL forms and notes with the parent(s). Notes of the meeting will be documented, and all educational partner input will be noted for the overall reclassification evaluation.
- Step 6 – A final review and decision will be made.
- Step 7 – A second notification letter will be sent to home to parent(s) notifying them of their child's eligibility status.
- Step 8 – All documentation will be archived and maintained as part of the student's cumulative file.

[Back to Top](#)

Additionally, the EL Support Team meets to review the following:

- ELPAC annual assessment results
- STAR Renaissance test scores
- The performance of a student in terms of written and oral English language fluency according to the provided rubrics based upon observable student interaction with instructional staff, peers, and support staff
- Current grades and academic disposition

In the evaluation process, parents/guardians are notified in their preferred language of the RFEP procedure and updated on their child's progress (see [Appendix H](#)). They are asked to complete approval sections of the letters and are invited to attend a reclassification review meeting. The school's open door policy provides flexible opportunities for parents/guardians to meet with members of the EL Support Team. Assistance is routinely available and provided to parents/guardians if needed in making further decisions about their child's academic support and/or additional support at home.

The EL support team is responsible for the assessment and support of ELs. This includes, not only, timely administration of ELPAC and STAR Ren, but the evaluation and the effective use of assessment data to develop Individualized Learning Plans to move students towards proficiency in English and in all academic subject areas, thus moving them toward high school graduation.

For students who do not meet all the criterion for reclassification, the school's EL support team must meet to analyze student data to modify the student's individualized learning plan to support the students' in reaching and maintaining grade level academic proficiency.

For students who do meet all the criterion for reclassification, the academic progress of RFEP students is monitored for a minimum of four years in accordance with existing California regulations and RFEP students are offered a minimum of one ELD block time a week as needed for language support, and more support can be reinstated by teacher recommendation, parent request, or if the RFEP students are scoring below minimal reading threshold scores on STAR Ren. If a RFEP student's academic performance falls below grade level proficiency, interventions are provided to ensure that the student reaches and maintains grade level proficiency and an academic learning plan is developed. The EL support team meets to decide which interventions and academic supports are necessary. In order to ensure appropriate support systems are implemented, the RFEP students' progress and performance will be reviewed at the end of each reporting period.

Reclassifying ELs with Disabilities

EL students with unique needs, or dually-identified students, may need specific considerations for how this criterion will be met as described in the student's individualized education plan (IEP). In such instances, the student's IEP team will confer to document and discuss how the student's unique needs affect their ability to obtain an Overall PL 4.

Assessment of language proficiency using an objective assessment instrument, including, but not limited to, the English language development test that is developed pursuant to [EC Section 60810](#). The Alternate ELPAC will replace all locally determined alternate assessments and provide a consistent, standardized measurement of ELP across the state for students with the most significant cognitive disabilities.

The Alternate ELPAC was developed by the CDE to ensure that all students are able to participate in assessments that measure the English language proficiency of students with the most significant cognitive disabilities. It is aligned with the 2012 California English Language Development (ELD) Standards via the ELD Connectors, which are reduced in depth, breadth, and complexity, for this population. Both the Initial Alternate and Summative Alternate ELPAC are delivered online in a one-on-one setting. The student interacts with a trained test examiner, who is familiar with the student's preferred communication style, collects and records the responses. The Alternate ELPAC is untimed; test items will be administered to the student over the course of one or more testing sessions, as needed, for the student to complete the English language proficiency assessment. The Alternate ELPAC is linear (i.e., not adaptive) and assesses a student's proficiency in English by allowing for a range of receptive (listening and reading) skills and expressive (speaking and writing) skills while using their preferred modes of communication, including assistive devices, gestures, and accessibility resources used in daily instruction. The Alternate ELPAC adopted a multitiered accessibility resources model so that the assessment will measure language proficiency, not technology ability.

Students whose IEP identifies the use of an alternate assessment and who are classified as EL students will take the Summative ELPAC every year until they are reclassified as proficient in English. There is no parent opt out or medical exemption for this assessment.

IEP teams may use the [Alternate Assessment Decision Confirmation Worksheet](#)(PDF) to determine whether a student is eligible to participate in the CAAs or the Alternate ELPAC. The participation criteria presented in the Alternate Assessment Decision Confirmation Worksheet are adapted from resources provided by the National Center on Educational Outcomes, an organization that focuses on the inclusion of students with disabilities, English learners, and English learners with disabilities in instruction and assessments. To participate in the CAAs or

[Back to Top](#)

the Alternate ELPAC, if applicable, students must meet all the criteria in parts A, B, and C outlined in the worksheet. Once a student is determined to be eligible for an alternate assessment, the student will take the alternate assessment for all standardized state assessments, including the CAAs for ELA, mathematics, and science, or the Alternate ELPAC, if applicable.

The learning characteristics of students with significant cognitive disabilities represent a broad range, and assignment to alternate assessments is based on the students' unique cognitive disability, not the category of a student's disability. The IEP team should first determine whether the student has a significant cognitive disability before selecting an alternate assessment that provides student access to state assessments, promotes participation, and elicits the student's best performance. With respect to students identified with a specific learning disability, the IEP team determination that the student has been identified with a specific learning disability rules out the consideration of the student being identified as cognitively impaired.

In addition, as part of the IEP process, parents must be clearly informed that their child's achievement is being measured against alternate achievement standards and of "how participation in such assessments may delay or otherwise affect the student from completing the requirements for a regular high school diploma" (*Code of Federal Regulations*, Title 34, [34 *CFR*] Section 300.160 [d][1]). A student with the most significant cognitive disabilities who takes an alternate assessment is not precluded from attempting to complete the requirements for a regular student diploma (34 *CFR* Section 300.160 [d][2]).

Criteria 1: English Language Proficiency Assessment

The IEP/ELD team will use the most recent administration of the ELPAC Summative Assessment as the primary evidence that a student has met the criteria demonstrating English language proficiency. There are multiple pathways for dual-identified students to be reclassified as English proficient:

- Pathway 1: English learners with disabilities who are able to demonstrate English language proficiency in all four domains with an overall ELPAC score of 4 (listening, speaking, reading, writing) with or without accommodations.
- Pathway 2: English learners with significant cognitive impairments who are assessed using an alternate ELAC with an overall score of 3. IEP and EL support teams will convene interest holders for a larger conversation to inform planning, placement, and personal goals for the short term and into the next school year. These convenings will include parents, whenever possible, and focus on strengths, growth areas, and opportunities for the student. [IEP Team Guidance document](#).

Criteria 2: Basic Skills Assessment

The IEP and EL support team will use performance results from the STAR Renaissance assessment program, measured by grade level performance expectations, as the

primary measure for Criterion 2. The exam will be administered with the per question time limit extended. In regards to other basic skills assessments for students with low-incidence disabilities or significant cognitive disabilities that does not allow participation in a valid administration of the STAR Renaissance assessment, the IEP and EL support team will use results from another valid and reliable assessment that compares the basic skills of ELs with disabilities to native speakers of English with similar disabilities of the same grade level to determine sufficient mastery of the basic skills for reclassification (see valid and reliable measures below). Assessment results must be from a recent assessment administered within the last school year, and the results must be within the average range. These assessments will only be administered by trained personnel.

Assessments options considered valid and reliable to measure basic skills for reclassification purposes for K-12 include the following:

1. Woodcock-Johnson Tests of Achievement, Fourth Edition (WJ-IV)
2. Kaufman Test of Educational Achievement, Third Edition (KTEA-III)
3. Brigance Comprehensive Inventory of Basic Skills (CIBS II)
4. Measures of Academic Performance (MAP)
5. Other assessments that provide a valid and reliable score, such as:
The Language Reading Scale (LRS), Progress Assessment in Reading (PAR), Gates-MacGinitie Reading Test (GMRT), Gray Oral Reading Test (GORT), Test of Silent Contextual Reading Fluency (TOSCRF)

If other reclassification criteria suggest that a student who scored at Summative ELPAC Overall PL 4 or Summative Alternate ELPAC Overall PL 3 has learning deficits in other areas, decision-makers are encouraged to discuss these results with those who know the student (e.g., classroom teachers, parents, instructional specialists or coaches) to identify needed services and supports, so as not to preclude a student with unique needs from reclassification or reclassify too soon.

Deficits in academic success, although currently unrelated to ELP, may indicate a student has incurred a deficit while learning English. Although this situation does not preclude a student from reclassification, the LEA is obligated to ensure the student is provided ongoing academic support, and any other necessary support, designed to recuperate and remedy any such deficits before reclassification, during the four-year RFEP monitoring period or beyond, until the deficits are remedied.

Criteria 3: Academic Performance Evaluation

The IEP and EL support team will use grades from the most recent school year or semester, based on enrollment date, as the primary measure. A grade of C or better in a grade level English course can be used to fulfill this criterion. The IEP and EL support team will review the extent to which the student is mastering the content as evidenced by the IEP and language goals, grade-level expectations, progress on curriculum-based measures and/or formative assessments, and/or student work samples, as well as

[Back to Top](#)

compare the student's progress to native English-speaking peers with similar disabilities in the same grade level.

The Observation Protocol for Teachers for English Learners (OPTTEL) is used to support the monitoring and evaluation of EL students for reclassification. The OPTTEL is designed to promote equity in the reclassification process.

Evaluation was based on:

- Classroom performance
- Progress toward IEP and Language Goals
- Formative Assessments

Criteria 4: Parent Consultation

The parent/guardian must be given multiple opportunities to participate in the IEP/ELD team meeting (preferably in person, but via phone when necessary) where the student's progress toward the criteria for reclassification is discussed. The IEP and EL support team will obtain parent/guardian opinion throughout the discussion. If the IEP and EL support team and parent/guardian determine that the student demonstrates an appropriate level of English Language Proficiency commensurate with his/her abilities and no longer needs ELD services, the student will be recommended for reclassification. All documentation and reclassification forms will be archived and become part of the student's file. If the IEP and EL support team and/or parent/guardian cannot reach agreement on reclassification, the student will continue participating in the ELD program and receive ELD services.

ELD Support Structure and Professional Development

3

Duties and responsibilities of English Language Support Professionals (ELSPs):

The principal is responsible for monitoring and reviewing the ELD program for effectiveness and compliance with all state and federal regulations. This includes vetting and adoption of rigorous, standards-aligned and accessible curriculum that meets the academic, linguistic, and socio-emotional needs of EL students. Outside of curriculum and instruction, the principal also audits the effectiveness and coordination of the assessment and accountability staff as related to the functioning of the ELD program.

The EL Coach is responsible for coordinating the implementation of the ELD program elements outlined in the ELD Master Plan across each learning center. Some of these responsibilities include:

[Back to Top](#)

- Providing guidance on the modification of ELD curriculum
- Assisting with the development of school wide plans (e.g.: WASC, LCAP, CSI)
- Coordinating and administering the ELPAC Summative and Initial Assessments
- Facilitating PLCs and professional development workshops
- Monitoring the progress of English Learner and Reclassified students

The teachers are responsible for ensuring students receive differentiated and scaffolded integrated instruction using SIOP techniques across all content classes. This includes the coordinated development of an academic learning plan and communication with the parents as to the progress and effectiveness of the elements described in the academic learning plan.

The EL Specialist is responsible for the daily instruction and monitoring of EL students. This includes:

- Providing personalized designated instruction
- Developing language goals
- Recommending language supports and interventions
- Assessing growth in language skills
- Administering the ELPAC Summative Assessment
- Monitoring and communicating student progress using Academic Learning Plans and Achievement Chats

Area Teachers are responsible for providing additional academic support when needed including intervention to build literacy skills and core content ELA standards mastery.

Overall, each English Language Support Professional (ELSP) supports and implements the ELD program to ensure that ELs meet proficiency goals, as well as ensuring that charter and subgroup academic goals are met.

EL Staffing and EL Professional Development

EL Recruiting and Hiring Practices

OFL actively strives to meet the needs of ELs by recruiting, hiring, and training highly qualified staff that have specialized knowledge required to teach ELs. This requirement is met by completing coursework leading to a teaching credential with appropriate authorization(s), or by passing exams approved by the California Commission on Teacher Credentialing (CTC)(see [Appendix J](#)). OFL requires teachers to possess the appropriate authorizations to instruct ELs in order to be eligible to receive an offer of employment or to continue in an existing ELD assignment. An EL authorization allows the teacher to provide either designated or integrated ELD instruction to ELs.

EL Professional Development

OFL - WSH strives to provide individualized support for each English Learner with a combination of effective instruction, assessment, and progress monitoring from the English learner support professional team and instructional staff. The staff participate in ongoing professional development with content focused on inclusion and cultural awareness, the use of research-based instructional practices, assessment of English learners, use of data to drive instruction, implementation of curriculum, and family engagement. The professional development opportunities are designed to build, refine, and expand teachers' language acquisition knowledge and techniques.

Staff is supported by ESLPs whose responsibility is to develop and implement ELD instruction that incorporates strategies beneficial to the EL population. In addition, the ELSPs facilitate and participate in ELD focused professional development opportunities throughout the school year.

The focus of our professional developments consists of the following:

- Current sound and proven theory and practice of second language acquisition (SLA)
- Active teacher learning and collaboration
- Alignment of standards and objectives
- Data driven instructional design
- Ongoing Professional Learning Communities (PLCs)

Professional development opportunities include, but limited to:

- Equity Summit
- SIOP Training
- Re-engagement through DELAC
- ELD performance indicator data dives
- Cultural inclusion and relationship building

In our PDs, teachers participate in sessions that focus on meeting the needs of our unique student population, including our EL students. The goal of these sessions is to develop an ongoing and growing Professional Learning Community that focuses on up-to-date research and pedagogy for ELs to receive equitable and accessible support and opportunities to achieve and reach their goals. Blended/hybrid professional development opportunities are made available using Google Meet or Zoom to prepare our team for being a needs-responsive school.

Parent Communication and Participation

4

The active involvement of parents/guardians in their child's educational experience and success is highly valued and pursued at OFL. Therefore, parents/guardians are involved in every possible step of their child's educational pathway. The parents'/guardians' involvement starts as soon as students are enrolled. Both student and parent attend the orientation where they learn about our program and our expectations for all our students.

English Learner students, parents, teachers, and relevant educational partners participate in the development of an Academic Learning Plan twice each year. The academic learning plan takes into account all educational partners' feedback to set personalized academic goals to accommodate the needs of each student. Parents have the opportunity to provide teachers with feedback regarding student progress during twice a year parent-teacher conferences. In addition, parents may request more frequent conferences in order to more closely track student progress and address any pressing needs that arise.

Additionally, OFL-WSH has organized a District English Language Learner Advisory Committee (DELAC) consisting of parents/guardians of EL students and school staff, who meet regularly throughout the school year. The committee's goal is to provide guidance and advice to the Principal and the school staff with regard to the needs of students who are learning English as a second language. This includes discussing educational issues, attendance challenges, academic performance, and the overall opportunity for interaction between parents, teachers and administrators.

Parents/Guardians are provided multiple opportunities where they can come together and learn more about their child's EL placement, EL program support in academics, resources in communicating at home and with school staff, graduation, and workforce preparation.

Throughout the year, parents are invited to attend and participate in:

- Back to School night
- Awards Ceremonies
- Parent Advisory Committee (PAC)
- Annual ELD Celebration
- Senior Social
- Financial Aid and College Information Nights
- Career Pathways Guest Speaker Events

PARENT COMMUNICATION

OFL staff communicate with parents regularly by utilizing many different communication formats and platforms. Communication occurs verbally over the landline phone at the school site, through Google Voice (web or mobile phone based), and on Google Meet. Formal written communication is also used in the form of letters via US Mail (standard and certified mail, as needed) and emails. Written communication that occurs daily between parents and staff is our most prominent communication and that is done on platforms such as Google Voice (text; done on webpage or on mobile device), Remind, and School Messenger. Social media accounts (Facebook and Instagram) and the school websites are also updated regularly by staff members with pictures and events to keep parents and the community informed. OFL provides translation services on an as-needed basis for charter school communication with non-English speaking parents of enrolled students.

Monitoring, Evaluation, and Accountability

5

The purpose of the OFL Master Plan for ELs and SELs is to accomplish the following goals:

- To guarantee the delivery of quality instructional programs for all ELs and SELs throughout our schools.
- To ensure that our instructional program meets the needs of our EL and SEL population.
- To provide procedural information on the identification and assessment, placement, and reclassification of students who have been identified as having less than reasonable fluency in English.
- To provide on-going professional development and best-teaching practices that respect, affirm, and build upon the language and culture of each child.
- To define how our EL programs are evaluated annually for efficacy.

As such, OFL will monitor its Master Plan yearly and revise it every three years. The evaluation of the ELD program will look at the effectiveness of the following items:

- Implementation of the ELDMP across the organization
- Steady EL proficiency, development, and academic growth of ELs and SELs
- Stronger parent/guardian participation and engagement in students' academic development
- Increase of ELD Professional Learning Community

EL Program Evaluation Monitoring Questions and Measures

EL Program Goal	Evaluation Questions	Measures/Sources
<p>Implementation of the ELDMP across the organization resulting in high intellectual quality of instruction and meaningful access</p>	<ul style="list-style-type: none"> • Are instructional programs fully and consistently implemented to meet the needs of ELs? • Do teachers of ELs have the qualifications and capacities to address their ELs' linguistic and academic needs? • Are all ELs provided instruction in ELD? • Is ELD instruction that is provided to ELs of high quality? • Are all ELs provided differentiated instruction (inclusive strategies) in all academic content areas? 	<ul style="list-style-type: none"> • ELD and Inclusive strategies observation tools • Instructional standards rubrics • EL Authorization/Credential roster and teacher assignment data • EL course assignments and performance data • Other as identified
<p>Alignment & articulation within and across systems resulting in steady EL proficiency, development, and academic growth of ELs and SELs</p>	<ul style="list-style-type: none"> • Are increasing percentages of ELs and SELs progressing in ELD a minimum of one level per year? • Are increasing percentages of ELs attaining English language proficiency? • Are ELs and SELs progressing on benchmark assessments of ELD? • Are increasing percentages of ELs participating in post-secondary institutions regarding dual enrollment courses, CTE courses, Career Pathway Opportunity programs, and credit for the State Seal of Biliteracy? 	<ul style="list-style-type: none"> • ELPAC results • Standards-based gradebook and other student mastery performance data • Reclassification rate • Dual enrollment, CTE, Career Pathway Opportunity participation, and Seal of Biliteracy participation rate data
<p>Parent/guardian/ family participation and engagement in students' development that reflect an assets-oriented</p>	<ul style="list-style-type: none"> • What types of orientation and training opportunities are parents/guardians offered and how often? • What measures are used to ensure that parents/guardians are knowledgeable about EL and SEL students' program placement, career goals, and academic progress? 	<ul style="list-style-type: none"> • Rate of parent orientation/training sessions offered and attended regarding ELD program, advanced academic, and career opportunities. • EL parent involvement in

<p>ed & needs-responsive school environment</p>	<ul style="list-style-type: none"> ● To what extent are parents/guardians participating in and consistently supporting students' language, career, and academic development? 	<p>EL-focused events and school-wide activities.</p> <ul style="list-style-type: none"> ● Attendance and participation in parent/teacher conferences and workshops. ● EL parent school-wide indicator feedback survey response rates ● LCAP feedback survey results ●
<p>Increase capacity of ELD Professional Learning Community to maintain system conditions that support effectiveness</p>	<ul style="list-style-type: none"> ● Are sufficient ELD professional development opportunities offered throughout the school year? ● Are ELD professional learning opportunities offered of high quality? ● Is there an increase of teachers taking part in and continuing in PLCs? ● Are professional learning community elements being implemented and embedded in school programs? 	<ul style="list-style-type: none"> ● Attendance rates for PDs and PLCs. ● PD and PLC feedback survey data ● Observation tools results and academic learning plan progress data ● EL student progress data

Accountability for Implementation of Instruction

In order for our ELD Master Plan to be effective in assisting our EL and SEL population, the following school staff holds themselves accountable for the following duties and responsibilities:

Site Administrators

- Supervise instruction for content and pedagogy to ensure the delivery of ELD standards and best practices.
- Provide leadership and support to teachers and staff to improve student achievement and accelerate the learning of ELs and SELs.
- Conduct regular walkthroughs to ensure that ELD and support are being delivered in the manner outlined in the ELDMP.
- Evaluate program objectives and outcomes of all relevant staff.
- Ensure appropriate interventions are implemented for ELs when they do not meet minimum progress benchmark achievement.
- Utilize multiple sources of data to monitor EL program implementation.
- Monitor the progress of RFEPs each reporting period and intervene as necessary.
- Ensure that teachers have professional development opportunities to continue to develop their skills and knowledge in ELD.
- Conduct ELD progress reviews with teachers to identify student progress and plan for acceleration and/or intervention according to evidence from data.
- Ensure that ELSP meetings occur for all EL students who do not make adequate progress, and that ELSP recommendations are fully implemented.
- Ensure that interventions are designed and delivered consistent with ELDMP.
- Provide a welcoming environment for parents/guardians of EL students and ensure that they are regularly apprised of the EL assessment and reclassification process and results, instructional and career program options and placement, EL progress monitoring and other pertinent information related to ELs.

Teachers

- Consistently implement the ELD curriculum as outlined in the ELDMP and any other directives regarding ELD instruction.
- Provide instruction using SIOP methodologies to support English language development.
- Attend multiple professional development and Professional Learning Community sessions.
- Monitor student progress toward expected benchmark achievement.
- Refer to the ELSPs for intervention and assistance when students are not making adequate progress; participate in ELSPs academic learning plan development, and implement ELSPs recommendations.
- Maintain contact with students' parents/guardians and keep them informed of their child's progress.

[Back to Top](#)

- Maintain a system of information on student progress that is well organized, efficient, and tracks student progress toward learning language outcomes.
- Participate in maintaining records and in communicating with parents/guardians.

ELSPs

- Provide professional development to educational partners. This may include but is not limited to:
 - Identification and placement of ELs.
 - Effective instruction and intervention services for ELs.
 - Effective ELD core methodologies.
 - Use of ELD assessments.
 - Reclassification criteria process and procedures.
 - College and career opportunities and/or placement options
 - Collaborate with teachers and administrators to ensure that the professional development plan and intervention services are aligned and address the needs of ELs.
- Facilitate grade-level team/department meetings to analyze EL assessment data, review student work, debrief classroom observations and best practices, identify student needs, and plan differentiated instruction.
- Facilitate peer coaching by working with teachers to plan, deliver, and analyze lessons.
- Provide support to teachers and staff to improve student achievement and accelerate the learning of ELs and SELs.
- Serve as faculty member designated to monitor the language status, test results, goals for meeting grade level standards and reclassification for assigned LTELs.
- Convene and participate in meetings for students not making adequate progress.
- Indirect services include, but are not limited to the following:
 - Maintain EL program documentation as required by state and federal mandates.
 - Assist administrators with the enrollment process for ELs.
 - Assist with identifying the initial ELD/EL level of newly enrolled ELs.
 - Coordinate the administration of assessments used to determine EL placement.
 - Support with parent/student registration and orientations.
 - Review EL placement audits with site administrator and/or counselor to correct inconsistencies.

EL Specialists

- Ensure appropriate placement of ELs
- Review EL placement to ensure proper course assignments and correct any inconsistencies.
- Monitor the progress of RFEPs each reporting period and intervene as necessary.

[Back to Top](#)

- Collaborate with ELSPs, parents/guardians, students and others to monitor ELs' progress toward reclassification.
- Collaborate with ELSPs, parents/guardians, students and others to monitor ELs' progress toward meeting graduation, college admission requirements, and career path requirements.
- Provide language support recommendations to teachers and staff to improve student achievement and accelerate the learning of ELs and SELs.

Principal

- Evaluate goals relative to implementation of the ELDMP, student achievement, professional development, and evaluation and accountability.
- Report progress to OFL-WSH Board members and the public.

[Appendix K](#) is a Checklist used to quickly identify and hold ourselves accountable for the key EL components of our ELD Master Plan.

Funding

The funding formula for California schools provides local control over how funds are expended, and schools receive additional funding for English learners, foster youth, and low-income students. Consistent with education code, state, and federal directives, OFL-WSH utilizes its general, supplemental and/or concentration, and any additional federal and state funds to provide each English learner with the materials and resources necessary to develop, both English language and academic proficiency. The use of general funds providing services and programs for English learners, including English language development and access to the core curriculum are not contingent on the receipt of state or federal aid funds. Supplemental and/or concentration funds are used to supplement learning opportunities for English learners and do not supplant existing resources.

[Back to Top](#)

The detailed use of LCFF and general funds are reflected in OFL-WSH’s schoolwide plans, like the Local Control Accountability Plan and School Plan for Student Achievement, in order to maximize the impact of the funds on student success, including the success of our ELs. Examples of delineated use of funds are:

General Funds	Supplemental Funds
<p>Instructional Materials</p> <ul style="list-style-type: none">● Core and ELD curriculum● Intervention programs <p>Staff</p> <ul style="list-style-type: none">● Credentialed Teachers● ELD Specialists and Coaches <p>Parent Advisory Groups</p> <ul style="list-style-type: none">● District English Learners Committee● Parent Advisory Committee	<p>Instructional Materials</p> <ul style="list-style-type: none">● Supplementary <p>Staff</p> <ul style="list-style-type: none">● Paraprofessionals● Tutors● Specialized Training and PD <p>Family Engagement</p> <ul style="list-style-type: none">● Translation/interpretation services

OFL-WSH determines how funds are allocated for English learners through:

- Determining program needs based on an ELD program performance review (i.e. paraprofessionals, instructional materials, staff development and training, etc.)
- Reviewing decisions related to program needs and expenditures annually in schoolwide plans
- Evaluating feedback from staff, students, parent advisory committees, and other education partners as to the effectiveness of funded elements as well as any identified gaps
- Confirming supplemental services do not supplant the core instructional program

Glossary of Abbreviations

ALP – Academic Learning Plan

CALPADS – California Longitudinal Pupil Achievement Data System

CAT – Computer Adaptive Test

CC – Center Coordinator

CCSS – Common Core State Standards

CDE – California Department of Education

ELPAC – English Language Proficiency Assessment of California

CCTC – California Commission on Teacher Credentialing

CPC – Career Pathways Coordinator

ELs/ELLs – English Language Learners

ELA – English Language Arts

ELD – English Language Development

ELPAC – English Language Proficiency Assessment

ELDMP – English Language Development Master Plan

ELSP – English Language Support Professional

ESSA – Every Student Succeeds Act

IBL – Inquiry-Based Learning

I-FEP – Identified as Fluent English Proficient

IS Teacher – Independent Study Teacher

LTEs – Long-Term English Language Learners

OFL – Opportunities For Learning

PD – Professional Development

PLCs – Professional Learning Communities

RFEP - Redesignated Fluent English Proficient

SBE – State Board of Education

SAW – Student Activity Workbooks

SEL - Standard English Learners

SGI – Small Group Instruction

SIOP – Sheltered Instruction Observation Protocol

SLA – Second Language Acquisition

TOC – Temporary on call

WASC – Western Association of Schools and Colleges

Appendix A

Student Demographic Questionnaire

As part of the state’s accountability system, the California Department of Education requires the collection of specific demographic information which is for statistical purposes only. The privacy of this information is protected under federal law which prohibits distribution to third parties (i.e. - Immigration, the I.R.S., etc.).

Student Name: _____

Language Survey

Home Language Survey

Is any language other than English spoken at home?

- Yes
- No

First Language

Which language did the student first begin to speak?

Home Language

Which language is most often spoken at home?

Has the student taken the California English Language Development Test (CELDT) or ELPAC?

- No
- Yes

EL Enrollment Process

Center Coordinator

1. When gathering information and communicating with prospective students and families, check for previous ELPAC Scores or any indication of ELD services on transcripts, demographic reports, or any other school paperwork. Review digital registration and Home Language Survey. If questions indicate a language other than English, proceed with gathering additional evidence to determine a language status.
2. If no ELPAC scores are available, send a ELPAC score request to the ELD department to initiate the previous records research process.
3. Notate the date records were requested or received.
4. Once orientation is scheduled, send an email to the student's teacher and ELSPs with the following information:
 - a. Student name
 - b. ELD-related records: Information from family, Academic records, and ELPAC scores
5. During orientation, provide an overview of the ELD program, services offered, and explanation of how those services are provided.
6. If possible, introduce the student and family to ELSP team members.

Appendix B

Domain Performance Level Descriptors, Grades 6-12 IA ELPAC

Level	Description
Initial Fluent English Proficient (IFEP)	Students at this level have well developed oral (listening and speaking) and written (reading and writing) skills. They can use English to learn and communicate in meaningful ways that are appropriate to different tasks, purposes, and audiences in a variety of social and academic contexts. They may need occasional linguistic support to engage in familiar social and academic contexts; they may need light support to communicate on less-familiar tasks and topics. This test performance level corresponds to the upper range of the “Bridging” proficiency level as described in the 2012 <i>California English Language Development Standards, Kindergarten Through Grade Twelve (2012 English Language Development Standards)</i> .
Intermediate English Learner	Students at this level have somewhat developed to moderately developed oral (listening and speaking) and written (reading and writing) skills. This level captures a broad range of English learners, from those who can use English only to meet immediate communication needs to those who can, at times, use English to learn and communicate in meaningful ways in a range of topics and content areas. They may need some degree of linguistic support to engage in familiar social and academic contexts (depending on the student, the level of support needed may be moderate, light, or minimal); they may need substantial-to-moderate support to communicate on less familiar tasks and topics. This test performance level corresponds to the entire “Expanding” proficiency level and to the lower range of the “Bridging” proficiency level as described in the 2012 <i>English Language Development Standards</i> .
Novice English Learner	Students at this level have minimally developed oral (listening and speaking) and written (reading and writing) English skills. They tend to rely on learned words and phrases to communicate meaning at a basic level. They need substantial-to-moderate linguistic support to communicate in familiar social and academic contexts; they need substantial linguistic support to communicate on less familiar tasks and topics. This test performance level corresponds to the “Emerging” proficiency level as described in the 2012 <i>English Language Development Standards</i> .

Grades 9-12 IA ELPAC Score Ranges

The Initial English Language Proficiency Assessments for California (ELPAC) assess students in four domains: Listening, Speaking, Reading, and Writing. Students will receive an Overall score that falls into one of three levels, as shown in the table below. The scale score ranges for the Initial ELPAC are the same for all grade levels.

Initial ELPAC Overall Scale Score Ranges

Level 1 Novice	Level 2 Intermediate	Level 3 Initially Fluent English Proficient (IFEP)
150–369	370–449	450–600

The Overall score consists of the student’s Oral Language score and Written Language score. The Oral Language score consists of the student’s scores from the Speaking and Listening domains. The Written Language score consists of the student’s scores from the Reading and Writing domains. The weighting of the Oral and Written Language scores is based on the student’s grade level.

In kindergarten, the weighting of the Initial ELPAC Overall score is 90 percent Oral Language and 10 percent Written Language.

In first grade, the weighting of the Initial ELPAC Overall score is 70 percent Oral Language and 30 percent Written Language.

In grades two through twelve, the weighting of the Initial ELPAC Overall score is 50 percent Oral Language and 50 percent Written Language.

Any future changes to the scale score ranges will require the approval of the State Board of Education. For additional information, visit the California Department of Education ELPAC web page at <https://www.cde.ca.gov/ta/tg/ep/>.

SA ELPAC Domain Performance Level Descriptors, Grades 6-12

Level	Description
4	English learners at this level have well developed oral (listening and speaking) and written (reading and writing) skills. They can use English to learn and communicate in meaningful ways that are appropriate to different tasks, purposes, and audiences in a variety of social and academic contexts. They may need occasional linguistic support to engage in familiar social and academic contexts; they may need light support to communicate on less-familiar tasks and topics. This test performance level corresponds to the upper range of the “Bridging” proficiency level as described in the 2012 California English Language Development Standards, Kindergarten Through Grade 12 (CA ELD Standards).
3	English learners at this level have moderately developed oral (listening and speaking) and written (reading and writing) skills. They can sometimes use English to learn and communicate in meaningful ways in a range of topics and content areas. They need light-to-minimal linguistic support to engage in familiar social and academic contexts; they need moderate support to communicate on less-familiar tasks and topics. This test performance level corresponds to the upper range of the “Expanding” proficiency level through the lower range of the “Bridging” proficiency level as described in the California ELD Standards.
2	English learners at this level have somewhat developed oral (listening and speaking) and written (reading and writing) skills. They can use English to meet immediate communication needs but often are not able to use English to learn and communicate on topics and content areas. They need moderate-to-light linguistic support to engage in familiar social and academic contexts; they need substantial-to-moderate support to communicate on less-familiar tasks and topics. This test performance level corresponds to the low to midrange of the “Expanding” proficiency level as described in the California ELD Standards.
1	English learners at this level have minimally developed oral (listening and speaking) and written (reading and writing) English skills. They tend to rely on learned words and phrases to communicate meaning at a basic level. They need substantial-to-moderate linguistic support to communicate in familiar social and academic contexts; they need substantial linguistic support to communicate on less familiar tasks and topics. This test performance level corresponds to the “Emerging” proficiency level as described in the California ELD Standards.

SA ELPAC Domain Performance Overall Scale Score Ranges

The Summative English Language Proficiency Assessments for California (ELPAC) assesses English learners in four domains: Listening, Speaking, Reading, and Writing. Students will receive an Overall score that falls into one of four levels. The table below shows which scores fall within each range.

Summative ELPAC Overall Scale Score Ranges

Grade	Level 1	Level 2	Level 3	Level 4
Kindergarten (K)	1150–1373	1374–1421	1422–1473	1474–1700
1	1150–1410	1411–1454	1455–1506	1507–1700
2	1150–1423	1424–1470	1471–1531	1532–1700
3	1150–1447	1448–1487	1488–1534	1535–1800
4	1150–1458	1459–1498	1499–1548	1549–1800
5	1150–1466	1467–1513	1514–1559	1560–1800
6	1150–1474	1475–1516	1517–1566	1567–1900
7	1150–1480	1481–1526	1527–1575	1576–1900
8	1150–1485	1486–1533	1534–1589	1590–1900
9 & 10	1150–1492	1493–1544	1545–1605	1606–1950
11 & 12	1150–1499	1500–1554	1555–1614	1615–1950

The Overall score consists of the student’s Oral Language score and Written Language score. The Oral Language score consists of the student’s scores from the Listening and Speaking domains. The Written Language score consists of the student’s scores from the Reading and Writing domains. The weighting of the Oral and Written Language scores is based on the student’s grade level.

In kindergarten, the weighting of the Summative ELPAC Overall score is 70 percent Oral Language and 30 percent Written Language.

In grades one through twelve, the weighting of the Summative ELPAC Overall score is 50 percent Oral Language and 50 percent Written Language.

California Department of Education • December 2021

English Language Proficiency Assessments for California (ELPAC) Summative ELPAC Parent and Guardian Notification Letter

Opportunities For Learning
Public Charter Schools

Dear Parent/Guardian:

As an English learner, your child will take the Summative English Language Proficiency Assessments for California (ELPAC) this spring. The Summative ELPAC measures how much progress your child is making in listening, speaking, reading, and writing in English. Your child's voice will be recorded during the speaking part of the test. These recordings may be used to double check test scores and will not be saved or made public. This test will give your child's teacher information about where your child may need extra support.

Your child will take the Summative ELPAC every spring until they are fluent in English and no longer need support to understand and learn in English.

This year, Opportunities For Learning will give the Summative ELPAC either in person, remotely, or through a combination of in-person and remote. You will be contacted by a school EL staff member regarding your students testing location, day and time.

If your child is remote testing, they will connect with a school staff member on the computer. Once your child enters the test session, please follow these guidelines during this test so your child can show what they can do on their own:

- Follow all instructions given by the school staff member.
- Do not talk about the questions on the test or any materials for the test with anyone before, during, or after the test.
- Do not record the test or take pictures of the test questions or of your child taking the test.
- Your child will be monitored through a web camera and microphone so the test examiner can provide support while taking the test. The test will not be recorded.
- Your child's voice will be recorded during the Speaking portion of the test only to double check the scores. Recordings will not be saved or made public.

For more information on remote administration, visit elpac.org/resources/parent-resources/.

[Back to Top](#)

You are an important part of your child’s education. To make sure your child feels comfortable taking the test, you can:

- Explain to your child that the test is a tool to help them learn and to not be anxious or scared.
- Remind your child that you and their teacher want them to try their very best.
- Explore a practice test with your child at elpac.org/resources/online-practice-and-training-test/ so they are familiar with the platform and setup.
- Talk with your child’s teacher about their listening, speaking, reading, and writing skills to help support their learning.

You will receive your child’s results at or before the beginning of the next school year. The results will identify where your child is doing well or needs more help, so you can better support their learning at home and teachers can better support their learning in the classroom.

To learn more about these tests, go to the ELPAC Starting Smarter web page at elpac.startingsmarter.org/, or review the Parent Guides to Understanding at cde.ca.gov/ta/tg/ca/parentguidetounderstand.asp.

If you have any questions about your child taking the Summative ELPAC, please contact

_____ (Teacher Name) at _____

(School Phone Number).

Sincerely,

OFL WSH Assessment Team

English Language Proficiency Assessments for California (ELPAC) Summative ELPAC Parent and Guardian Notification Letter

Estimado padre/madre o tutor:

Como estudiante de inglés, su hijo(a) tomará las Evaluaciones Sumativas de Dominio del Idioma Inglés para California (ELPAC) esta primavera. El ELPAC Sumativo mide el progreso de su hijo(a) en la comprensión auditiva, la expresión oral, la lectura y la escritura en inglés. Se grabará la voz de su hijo(a) durante la parte oral de la prueba. Estas grabaciones se pueden utilizar para verificar los resultados de la prueba y no se guardarán ni se harán públicas. Esta prueba permitirá que el/la maestro(a) de su hijo/a le informe sobre los aspectos en los que su hijo/a puede necesitar apoyo adicional.

Su hijo(a) tomará el ELPAC Sumativo cada primavera hasta que tenga fluidez en inglés y ya no necesite apoyo para entender y estudiar el idioma. El calendario de las pruebas se indica a continuación:

Este año, Opportunities For Learning realizará las Evaluaciones Sumativas en persona, de forma remota, mediante una combinación de pruebas presenciales y remotas.

Su hijo(a) realizará la prueba en casa. Se conectará con un miembro del personal de la escuela a través de la computadora. Una vez que haya ayudado a su hijo(a) a iniciar la sesión de la prueba, le pedimos que siga las siguientes pautas durante la prueba para que su hijo(a) pueda demostrar lo que puede hacer por sí:

- Siga todas las instrucciones impartidas por el miembro del personal de la escuela.
- No hable de las preguntas de la prueba o de cualquier material para la prueba con nadie antes, durante o después de la misma.
- No grabe el examen ni tome fotos de las preguntas de la prueba o de su hijo(a) mientras la realiza.
- Su hijo(a) será supervisado(a) a través de una cámara web y un micrófono para que el examinador pueda brindarle apoyo mientras realiza la prueba. La prueba no se grabará.
- La voz de su hijo(a) se grabará durante la parte de la prueba de expresión oral solo para comprobar las puntuaciones. Las grabaciones no se guardarán ni se

[Back to Top](#)

harán públicas. Para obtener más información sobre la administración remota, visite elpac.org/resources/parent-resources/.

Si su hijo(a) no puede utilizar la cámara, el micrófono, el altavoz o los auriculares de la computadora durante la administración remota, puede ponerse en contacto un miembro del personal EL de la escuela y encontraremos la manera de satisfacer las necesidades de su hijo(a). Si no desea que su hijo(a) sea evaluado(a) de forma remota, comuníquese con su escuela para programar las pruebas en persona.

Usted es una parte importante de la educación de su hijo(a). Para asegurarse de que su hijo(a) se sienta cómodo(a) haciendo estas pruebas, usted puede hacer lo siguiente:

- Explíquelo a su hijo(a) que la prueba es una herramienta para ayudarlo(a) a aprender y que no debe estar ansioso(a) ni asustado(a).
- Recuérdele a su hijo(a) que usted y su maestro(a) quieren que se esfuerce al máximo.
- Vea una prueba de práctica con su hijo(a) en elpac.org/resources/online-practice-and-training-test/ para que se familiarice con la plataforma y la preparación de las pruebas.
- Hable con el/la maestro(a) de su hijo(a) sobre sus habilidades de escucha, habla, lectura y escritura para ayudarlo con su aprendizaje.

Recibirá los resultados de su hijo(a) al comienzo del próximo año escolar o antes. Los resultados identificarán los aspectos en los que su hijo(a) se desempeña bien o necesita más ayuda, para que usted pueda apoyar mejor su aprendizaje en casa y los/las maestros(as) puedan apoyar mejor su aprendizaje en el aula.

Para obtener más información sobre estas pruebas, vaya a la página web de ELPAC Starting Smarter en elpac.startingsmarter.org/, o revise las Guías para la comprensión de los padres en cde.ca.gov/ta/tg/ca/parentguidetounderstand.asp.

Si tiene alguna pregunta acerca de si su hijo toma el ELPAC sumativo, comuníquese con _____ (Nombre del maestro) al _____ (Número de teléfono de la escuela).

Atentamente,

OFL WSH Assessment Team

Appendix D

Sample inclusive instructional practices used in integrated and designated classes:

Anticipatory KWL Chart - Before reading a selection, hearing a selection or viewing a video students are asked to complete the first two sections of the chart-"What I already know about ..." and "What I would like to find out about ...". After the information has been presented students complete the "What I learned..." section. Responses are shared with a partner. This is also known as a KWL Chart

Anticipatory Guide - Students are given a series of statements that relate to a reading selection, lecture, or video. Students indicate AGREE or DISAGREE. After the information has been presented, students check to see if they were correct.

Brainstorming - Students work as a whole group with the teacher, or in small groups. Begin with a stimulus such as a word, phrase, picture, or object and record all responses to that stimulus without prejudice. Prewriting or INTO strategy. The students give ideas on a topic while a recorder writes them down. The students should be working under time pressure to create as many ideas as possible. All ideas count; everything is recorded. More ideas can be built on the ideas of others.

Carousel Brainstorming - Each small group has a poster with a title related to the topic of the lesson. Each group uses a different colored marker to write 4 to 5 strategies/activities that relate to their topic. Students rotate to all the other posters, reading them and adding 2 to 3 more strategies. Students discuss the results.

Character Matrix - In groups, students create a grid, which lists the characters horizontally on the left and character traits vertically across the top. The students determine the traits used. Group members decide if each character possesses each of the traits and writes "yes" or "no" in the appropriate box.

Choral Reading - Groups of students chorally present a poem, or other reading selection. One person reads the title, author, and origin. Each person says at least one line individually. Pairs of students read one or more lines. Three students read one or more lines. All students read an important line.

Clustering/Webbing/Mapping - Students, in a large group, small groups, or individually, begin with a word circled in the center, then connect the word to related ideas, images, and feelings which are also circled. Prewriting or INTO strategy.

Comprehension Check - The teacher or students read the selection aloud. Intermittently, the teacher asks for verbal and nonverbal comprehension checks ("raise your hand", "thumbs up for 'yes' ", "thumbs down for 'no.'" The teacher uses a variety of question types: *Right There, Think and Search, On My Own* (See QAR, Day One.)

Co-op Co-op - Students work in teams to complete a project. The steps are: student-centered class discussion, selection of student study teams, team building and skill development, team topic selection, mini-topic selection, mini-topic preparation, mini-topic presentations, preparation of team presentations, team presentations, and evaluation.

Cooperative Dialogue -

1. Students number off one through four.
2. Each student pairs with another student from a different group who has the same number.
3. Following the timeline from the article that was previously read each pair writes a dialogue between two characters in the passage.
4. Pairs are selected to present dialogues in chronological order to the class. activity is designed to be a text "re-presentation."

Cooperative Graphing - This activity involves graphing information based on a survey. Each group of four will take a survey of how many countries each has visited (or other teacher-determined information). A bar graph is then developed. Each person in the group is responsible for one aspect of the graph, and signs his/her name on the chart along with their area of responsibility. Jobs are: survey group members and record results, construct the graph, write names and numbers on the graph, write title and assist with graph construction. Each person in the group describes his/her part of the graph to the class.

Corners - Cooperative activity used to introduce a topic. The teacher poses a question or topic along with four choices. On a 3x5 card students write their choice and the reasons for it. Students go to the corner of the room representing their choice. In their corner, students pair up and share their reasons for selecting that corner. The topic is discussed. For example, the corners could be labeled cone, cube, pyramid, and sphere with information about each figure provided. Students go to the corner, learn about the figure, and return to teach other team members.

Directed Reading-Thinking Activity This is a group activity to get students to think about the content of a fiction or non-fiction reading selection. The steps are 1) Students predict what they will read and set purposes for reading. 2) Students read the material. 3) Students discover if their predictions and hypotheses are confirmed.

[Back to Top](#)

Famous Person Mystery - The name of a famous person, living or deceased is placed on the back of each student. Without looking, students try to guess who the person is by asking questions that require only yes/no answers.

Graphic Organizers - Graphic organizers are charts, graphs, or diagrams, which encourage students to see information as a component of systems rather than isolated facts. Students may complete these as they read or view a presentation. There are a variety of ways to use graphic organizers, including the following: semantic word map, story chart, Venn diagram, spider map, network tree, word map, and KWL chart.

Other examples of graphic organizers are listed below:

Comparison-Contrast Matrix-Students determine similarities and differences between two people, things, solutions, organisms, stories, ideas, or cultures.

Branching Diagrams -Organization charts, hierarchical relationships systems, family trees.

Interval Graphs-Chronological order, bar graphs, parallel events, number value.

Flowcharts - Sequential events, directions, decision making, writing reports, study skills.

Matrix Diagram-Schedules, statistics, problem solving, comparisons with multiple criteria. Fishbone Diagram-Cause and effect, timeline.

Group Discussion, Stand Up and Share, and Roam the Room - After the teacher asks a question, students discuss and report their group findings to the class. Teams can share their best answer, perhaps on the board at the same time, or on an overhead transparency. When an individual student has something important to share with the class, he or she stands up. When one person from each group is standing, the teacher calls on one of these students for a response. If others have a similar response, they sit down. Students move around the room to view the work of other teams. They return to their teams to Round Robin and share what they have learned.

Hot Topics - Students title a sheet "Hot Topics". This sheet is kept in an accessible place in their notebooks or portfolios. Students brainstorm with the teacher on possible topics of interest related to the content of the course. Each student writes down at least ten Hot Topics and adds to the list throughout the year. Students occasionally choose one Hot Topic and write in depth on the topic as a class assignment or as homework. These may be included in their portfolios.

Idea Starts -Use a prompt for writing, such as a quote, a photo, words from a vocabulary list, an article, a poem, opening lines to a story, an unusual object, a film, or a guest speaker to get students started.

Image and Quote with Cooperative Poster - Groups of four are formed. Students read a selection. Each chooses a quote and an image that has an impact for them. Round Robin share. Groups come to consensus on favorite image and quote. Each student takes one colored pen. With all members participating, and each using their chosen color, they draw the group image and write the group quote on a piece of butcher or easel paper. Each member signs the poster with his or her pen. Posters are shared with the class.

Inside-Outside Circle - Students are arranged into two equal circles, one inside the other. Students from the smaller inside circle face those in the outer larger circle and vice versa. Students ask each other questions about a review topic. These may be either teacher or student generated. Students from one of the circles rotate to either the left or right. The teacher determines how many steps and in which direction. Another question is asked and answered.

Interactive Reading Guide - Working in groups, students write down everything they know about a reading selection topic. Then, they write three questions they want to have answered by the selection. Each student reads a short first section silently; then students retell the information with a partner. Next, the first _____ pages (teacher's choice) are read aloud in the group, each person taking a turn to read. Then, the group predicts four things that will be discussed in the next section. The groups finish reading the chapter silently. Each person writes four thinking questions for a partner to answer. (Why do you think ? Why do/did _____? How does _____ relate to your life or experiences? Compare _____ to _____. What if _____? Predict _____) Papers are exchanged and answers are given to each other's questions. Finally, with a partner, a chart or diagram is drawn to illustrate the main points of the chapter.

In-Text Questions - Students answer teacher-constructed questions about a reading selection as they read it. Questions are designed to guide students through the reading and provide a purpose for reading. Students preview In-Text questions first then answer them as they read the article. Students review their answers with their small group, then share them with the whole group.

Jigsaw - 4-6 people per "home" team. Name the teams. Within each team, number off 1-4. All ones form an "expert group," as do twos, threes, and fours. Each expert group is assigned a part to read (or do). Experts take 15 minutes to read, take notes, discuss, and prepare presentations. Return to home teams. Each expert takes 5 minutes to present to the home team.

[Back to Top](#)

Journals -Students keep questions and ideas in a journal. These may be used later to develop a formal piece of writing.

Key Words Story Prediction - In their groups, students using key words listed by

Language Experience Approach - This is a reading strategy based on a common experience. The students dictate a story to the teacher, who then records the story. The teacher then uses the reading as a practice on word recognition, sentence patterns, and vocabulary items.

Learning Logs - Double-entry journals with quotes, summaries, notes on the left and responses, reactions, predictions, questions, or memories on the right.

Line-Ups - Line-ups can be used to improve communication and to form teams. The entire class lines up according to a specific criteria (age, birthday, first letter of name, distance traveled to school, etc.). The end of the line can move to the head of the line and pair up until each person has a partner. This is called "folding the line." Teams of four members can then be formed from this line-up.

Multiple Intelligences Inventory Given a list of preference statements organized according to the eight multiple intelligences, students place checks next to those that are true for them. By totaling the number of checks per intelligence students are able to determine areas of strength and weakness.

Novel Ideas - Groups of four are formed. Each group member has a sheet of paper with the team name or number in the corner. Each person writes, "We think a story/selection entitled (insert appropriate title) might be about ...". Each person then has one minute to list what he or she thinks the story might be about. For example, a story entitled "Eleven" might be about a football team, roll of dice, etc. Each person draws a line. Members of Round Robin share their lists. As each member shares, other members add new ideas to their lists. Groups then take turns standing in a line and reading their possible topics for the whole group. Topics may not be repeated. All students add new or "novel" ideas, not on their lists.

Numbered Heads Together - A 5-step cooperative structure used to review basic facts and information. Students number off 1 to 4. Teacher asks a question. Students consult one another to make sure everyone can answer the question. Teacher randomly picks a number from 1 to 4. Those students with that number raise their hand: Teacher randomly chooses one of the groups. The group member with the previously- selected number answers the question. After the student responds, the other teams may agree with a thumbs up or a thumbs down hand signal. Teacher may ask another student to add to the answer if an incomplete response is given.

Open Mind Diagram - Each person in a group of four uses a different colored marker to participate in the poster creation. Students draw a shape of a head and, inside the head, write words, quotes from the story, symbols and pictures. Words can be made into pictures of parts of the face.

Pairs Check - Cooperative pairs work on drill and practice activities. Students have worksheets. One student answers the first question while a second student acts as the coach. After the coach is satisfied that the answer is correct, then roles are reversed. Then this pair can check with the other pair on the team. If all agree, then the process continues. If they do not agree, students try one more time to figure out the answer, or ask for help from the teacher.

Pantomime-A-Tale - This technique can be used with fiction or nonfiction reading selections. Divide an article into sections. Each group prepares their assigned section as a pantomime. There should be one group member who reads the section, with appropriate pauses, and three members who act it out without using words. Rehearsal is important, so allow time for it.

Pass the Picture -Each person in a group has a visual of a person. A blank sheet of paper is clipped to the back. The teacher asks a question (e.g., "What is his/her name?"). Students write the answer in a complete sentence on the blank paper. Students then pass the visual and the paper to the student on the right. The teacher continues asking questions and students continue writing the answer, then passing the visual to the right for 6-8 questions. At the end, each student will have a descriptive paragraph for each visual. Each student takes a visual and shares it with the group while reading **the final** paragraph description.

Picture This - This activity is useful as a vocabulary or concept review. A blank paper is divided into eight sections. Students draw pictures or symbols to represent words or major concepts. Students are not to label the drawings. Students exchange papers with a partner and partners try to correctly label each other's drawings.

Pie Graph - Using the results of the Multiple Intelligences inventory students draw a pie graph representing how they are smart on a paper plate. Students may color, make designs, or draw symbols for each section. Students can determine the size of each section by creating a fraction that represents each intelligence. The total number of checks is the denominator and the number of checks for that section is the numerator. This fraction can then be changed to a percent by dividing the numerator by the denominator.

Posters - As a BEYOND activity students create a poster in small groups. The following list describes several types of posters that the teacher may assign.

[Back to Top](#)

Illustrated Timeline Tell the plot or sequence on a timeline, with pictures that depict the events.

Movie Poster Advertise the content from a lesson by creating a movie poster complete with ratings, pictures, actors, descriptions, and comments by a critic.

Comic Strip Create a 6-paneled comic strip of the lesson content.

Image and Quote Choose an image and quote from the lesson content that are representative or important. Poster should include a title.

Advertisement Choose an item from the lesson content and make a newspaper or magazine ad for it.

PQRST Study Strategy - Preview: Student skims the title, side headings, pictures and graphics to identify writer's generalization. **Question:** Student identifies questions that the writer is going to answer during the reading. **Read:** Student reads to obtain answers to the questions and takes notes. **Summarize:** Student summarizes the information regarding each question posed. **Test:** Student tests the generalization against the supporting information to see if the author has enough information to support the generalization.

Prediction - Students make a prediction about the subject they are about to read by selecting an answer to a multiple-choice question.

Question-Answer Relationship (QAR) - This program teaches students strategies for answering questions. It also points out the sources for different kinds of questions. Here are the three types of answers:

Right There The answer is located directly in the reading

Think and Search The answer is "between the lines." The reader needs to analyze, make inference and/or predict the answer based on the information in the reading.

On My Own The answer is "beyond the lines." The reader must base the answer on his/her own experience.

Quick Drawing - Students sketch ideas that relate to a topic. Prewriting or INTO strategy.

Quickwrite - Pre-reading or pre-writing focus activity. Students are asked to respond to a question in writing for 5 minutes. Emphasis is on getting thoughts and ideas on paper. Grammar, spelling, style are not important.

[Back to Top](#)

RAFT -May be used in any content area to reinforce information and check for understanding. Individuals or groups of students write about information that has been presented to them. The teacher determines the role of the writer, audience, format, and topic (RAFT). For example, in a science class, students are asked to write using the following RAFT - Role of Writer Cloud; Audience Earth; Format Weather report; Topic Explanation of upcoming thunderstorms.

Ranking and Consensus Building - Students individually rank items in a list from least important to most important. Each group or pair comes to a consensus on the order.

Read Around Groups -After completing a writing assignment, students are divided into groups of equal size. A group leader collects the group's papers then, in a clockwise direction, passes them to the next group. Each member of the group receives one paper then reads it. Readers star a line they especially like. One minute is allowed for reading and marking each paper. At signal the students pass the paper to the person on the right. After reading the papers of one group, the group chooses one paper to read aloud to the class. If time allows, groups may continue to pass papers until everyone has read all the papers.

Reader Response Chart - Students draw a T-chart on their paper. On the left side they write 3 interesting quotes from the story and on the right side students respond to the quote with personal reactions, memories, questions, compare/contrast, or something to learn more about.

Reading Circles/ Book Clubs - Once students choose a book from a selection of 4 to 5 titles, they form a group with those reading the same book. Students read and solve the teacher-designed activities that relate to their book. The group shares with the class what they have learned from their reading.

Reading Guide-

1. Headings Read -Around- Students take turns reading the headings of the reading
2. Prediction Chart- With their group, students choose two headings and predict what will be discussed in those sections. Students write their answers on a prediction chart with the following labels: "Heading", "Prediction", "Yes or No". In their groups, students take turns reading the first page aloud, and finish reading the selection in silence. They write "yes" or "no" on the prediction chart to indicate whether or not their predictions were correct.
3. Thinking Questions- Students write one thinking question (Why..., How..., Compare..., What if...), and exchange papers to answer each other's questions.

[Back to Top](#)

Reading Log- Students complete while reading a selection. The left-hand side contains topic headings for sections of the reading. Students are to briefly summarize each topic. On the right-hand side students reflect on the implications of each topic.

Reciprocal Teaching - Two students work together to read a passage. Each may have a text or they may share a text. Student A reads one paragraph aloud, then asks Student B one or two good questions. (See QAR below.) B answers or explains why (s)he cannot. A and B discuss questions and answers. The process is repeated in reverse.

Reflections - Students reflect, in writing, on what was learned, what was confusing, and connections of this lesson to other lessons/other content areas/real world. Students may also reflect on their progress as a student, what to do differently next time, or what was liked about the topic.

Round Robin - Cooperative learning structure in which team members share ideas verbally on a topic. Group members share in order, without interruption, comment, discussion, or questions from other members so that everyone has an opportunity to share.

Round Table - The teacher asks a question that has many possible answers. In groups, the students make a list of possible answers one at a time saying an answer out loud and writing it down on a piece of paper. The paper is then passed to the next student to record another answer. The process continues until the teacher tells the students to stop.

Same-Different - In pairs, students sit across from but different pictures. Their job is to fill out what is the same and what is different in their pictures, without seeing what the other sees. Each student has a recording sheet. Students alternate recording the similarities and differences they find. One resource is Same-Different: Holidays by Dr. Spencer Kagan, Kagan Cooperative Learning 1 (800) WEE CO-OP. Inclusive Strategies GLOSSARY

Send-A-Problem - Each student on a team makes up a review question and writes it on a 3x5 index card. The writer asks the question of the other members of the team. When everyone agrees on an answer it is written on the back of the card. The teams then send their review questions to another team. Teams respond by having one student read the first question. Each team member writes down an answer. Team members then compare and discuss their answers. If they agree, they turn the card over to see if they concur with the sending team. If not, they write their answer on the back of the card as an alternative answer. A second student reads the next question, and so on. The stacks of cards are sent to a third, then a fourth group until all teams have had a chance to

[Back to Top](#)

answer all questions. When the cards return to the senders, the teacher should provide an opportunity to discuss and clarify.

Startling Statements - Students are told not to look at the startling statement (question) that they have on their backs. They circulate asking five others to provide an estimate for an answer. After finding the average of the five estimates provided by others, students look at their statements (questions) and write their own estimate if they disagree with the average. Actual answers are given after the students share estimates with the whole group.

Tableau - The students form a tableau of characters or scenes or concepts. The teacher directs students regarding their positions and facial expressions. Students hold their positions in a brief tableau.

Tap-A-Word - Students practice pronouncing words or phrases by using a combination of claps, hitting the table, and snapping the fingers. In Round Table style, each member uses a word from the list, in the order given, in a sentence to create a collaborative story.

Think-Pair-Share - When asked to consider an idea or answer a question, students write their ideas on paper (think). Each student turns to another student nearby and reads or tells his or her own responses (pair, share). This is an oral exchange, not a reading of each other's papers.

Three Step Interview - Group participants letter off A-B-C-D. They use the following interview steps in order to share what they have written in a quick-write until they all have been read. Step 1: A interviews B, C interviews D, Step 2: B interviews A, D interviews C, Step 3: A interviews C and D about B, B interviews C and D about A, C interviews A and B about D, D interviews A and B about C.

Verbalizing - Students share with a partner ideas they have on a topic. Pre-writing or INTO strategy.

Visualization - In response to a teacher prompt, students visualize in their mind a particular time or place and concentrate on sensory images. (Tell students to "turn on the TV in their minds.")

Vocabulary Cards - Each student selects a difficult vocabulary word from the story and creates a card in the following manner: The word and its definition in the front, and a drawing and the vocabulary word in a sentence in the back. These cards are shared with team members then exchanged with other groups.

Appendix E

Activity 3: Writing – Alternate Ending

WORTH 10 PTS.

Just about every DVD or Blu-ray comes equipped with a special features menu. In that menu one can usually find deleted scenes and sometimes an alternate ending. Many times after watching these scenes, a movie viewer may be able to hypothesize as to why the author left out or chose to go with specific scenes.

DIRECTIONS: Change how Gillian decided to use the \$1,000 or include a decision from Mr. Tolman and Mr. Sharp. Pretend you are the writer/director of “One Thousand Dollars” and your job is to write an alternate/different ending. The checklist below explains the requirements of your alternate ending.

Your ending must:

- include dialogue
- be 1-2 pages

Be original in your writing. It should be written by you and only you.

Alternate Ending Rubric

Standard	1	3	5	Score
Voice & Originality	Writer's voice is difficult to distinguish from original author; distracting to the reader	Writer's voice is inconsistent and writing demonstrates traces of originality and creativity	Writer's voice is strong and successfully demonstrates originality and creativity	
Plot	The climax, falling action or resolution has not been altered	The climax, falling action or resolution of the story is altered but is choppy or awkward	The climax, falling action, or resolution of the story is successfully altered and blends well with the plot	
				Score / 10

Activity 19: Research Project (5 points)

DIRECTIONS: Look back over the literary and informational selections that you have read in this unit (Literary: “One Thousand Dollars” p. 308-313; “Everest” from *Touch the Top of the World* p. 449-458; “A Toast to the Oldest Inhabitant: The Weather of New England” p. 520-524; “One Million Volumes” p. 500-506; Informational: Course Catalog p. 581, 582; website p. 697, 698; Volunteer Application p. 1009-1010). You were encouraged to use the reading strategies while you were reading.

Your Task: **Identify** a question that came to your mind while reading that you wanted to know more about. Many times a reader has a small amount of knowledge about a subject they are about to read and as they continue reading they gain more knowledge and/or develop questions for further research.

Maybe you'd like to know more about Mt. Everest or Mt. Everest expeditions, or libraries and the materials that can be accessed, or the weather in a particular country or region, etc. Complete the graphic organizer below that will help you explore your question.

In the “L” category, you will record your findings from your research. You can start your research by typing your question into the search field of *Google.com* or *Yahoo.com*. *Note: Write the website name or link down so that you can have easy access to something you see that you want to incorporate in the summary.*

Scavenger Hunt Begins

You will be directed to pages and pages of search results with information about your topic. It can feel like a scavenger hunt at times, but you must remember what you have already learned about reliable sources. You want to stay away from blogs and sites like *answers.com* that just gives opinions without citing how they know what they know. *Keep in mind: Reliable website will have a writer/author, a publication year, and sometimes an affiliation or organization name.*

K	W	W	L
What do you know about your topic?	What do you want to know about your topic?	Where do you think you will find the information for your topic?	What did you learn about your topic?

DIRECTIONS: In one 4-5 sentence paragraph, **summarize** your question, the text that sparked your question, and hypothesize or brainstorm possible explanations to your question.

Activity 20: Multimedia Project (10 points)

Share your knowledge

A Multimedia project is one that merges text, still photos, music, video and/or animation. PowerPoint is a great program to incorporate these components.

DIRECTIONS: Create a short multimedia project of the information you learned about your topic from the KWWL chart.

In your PowerPoint you can include:

- a video, i.e. an interview
- pictures
- text
- music

The PowerPoint should be 10-12 slides. Use the following boxes to plan your PowerPoint. After you plan your PowerPoint, open up PowerPoint on your computer and create your PowerPoint. Save it on your flash drive using the title "Unit 3 Multimedia." You will need to send this PowerPoint to your teacher digitally from your flash drive and print a copy for review.

Multimedia PowerPoint Rubric

Standard	Below the Standard 1	Approaching the Standard 3	Meets the Standard 5	Exceeds the Standard 7	Score
Writing #6 PowerPoint reflects p	Assignment is incomplete and/or reflects basic knowledge of PowerPoint and Internet to conduct Research; direct teaching needed	Assignment lacks knowledge of some of the features of PowerPoint and the internet that can enhance the presentation; intervention needed	Assignment reflects proficient use of PowerPoint and the Internet to conduct research	Assignment reflects impressive use of PowerPoint and the Internet to conduct research	
Writing #7 Introduces counterclaims	Assignment lacks appropriate research that will help to answer the original research question ; direct teaching needed	Assignment is missing some research that will help to answer the original research question ; student is approaching understanding of subject; intervention needed	Assignment answers the original research question and reflects understanding of subject	Assignment masterfully answers the original research question and reflects an advanced understanding of subject	
* Teacher Note: Points over 10 are considered extra credit.				Score	/ 10

Writing Standards for Production and Distribution of Writing

6. Use technology, including the Internet, to produce, publish, and update individual or shared writing products ,taking advantage of technology's capacity to link to other information flexibly and dynamically.
Research to Build and Present Knowledge

7. Conduct short as well as more sustained research projects to answer a question (including a self-generated question) or solve a problem; narrow or broaden the inquiry when appropriate; synthesize multiple sources on the subject, demonstrating understanding of the subject under investigation.

Activity 23: Planning a Persuasive Essay

DIRECTIONS: Use the Essay Graphic Organizer below to organize your thoughts then **type** your rough draft. Remember to use 12 pt. Times New Roman. Your essay should equal 2-3 pages in length. *This essay is worth 35 points.*

Introduction/Beginning

Body

Conclusion

Rubric for Persuasive Essay (for teacher)

worth 35 points

Score Breakdown:

1 = skill is not evident in the work (distracts the reader from understanding the purpose and/or events, takes away from enjoyment of the work)

3 = skill is present, but needs revision (skill is not consistent or could be stronger to add to the purpose/ organization/ enjoyment of the work)

5 = skill is present and very effective (adds to the enjoyment/purpose/understanding of the work)

CRITERIA	RATING SCALE		
How well did you plan your essay? Did you take advantage of the graphic organizers? Does your planning match your writing?	1	3	5
Support/Elaboration: How effective are your descriptions of people, places and events?	1	3	5
Did you choose a perspective and is it consistent in the essay?	1	3	5

8 Cross-Curricular Common Core Principles	How the Curriculum Department Uses the Principles in New Courses
Build strong content knowledge	Content is delivered through engaging learning experiences, using instructional strategies such as: graphic organizers, sequential instruction, big ideas, scaffolding, modeling, vocabulary study, independent research, and note-taking.
Comprehend as well as critique	Students learn to: cite textual evidence to support analysis of primary and secondary sources; determine the central ideas in a text and provide a clear and accurate summary; analyze a series of events and determine their cause; and relate the events to theories, research, or historical knowledge.
Value and engage in argument from evidence	The curriculum emphasizes rigorous thinking and analysis, not answer-hunting. Students are given numerous opportunities to present their own theories to answer open-ended questions. However, students must support their ideas and arguments with evidence from the texts or from their own research.
Reason abstractly and quantitatively	Students are asked to both <u>interpret</u> and <u>produce</u> abstract and quantitative media, including fine art, patterns, charts, graphs, timelines, poetry, and symbols.
Construct viable arguments and critique reasoning of others	Students learn to evaluate an author's or a speaker's point of view, reasoning, and use of evidence and rhetoric, including positive persuasive techniques and logical fallacies. They must present information, findings, and supporting evidence in oral and written forms. Writing conferences allow teachers to give feedback so that students can learn to strengthen their arguments and critiques.

<p>Construct explanations and design solutions</p>	<p>The curriculum encourages students to develop original analyses and to create unique responses to what they are learning. Logic and problem-solving skills are cultivated through engaging, realistic performance tasks and relevant, challenging, research opportunities. Activities, questions, and projects are designed to tap into higher-order thinking skills (Bloom's Taxonomy) and depth of knowledge (Webb's DOK).</p>
<p>Obtain, evaluate, and communicate information</p>	<p>Students learn to present information, findings, and supporting evidence such that listeners can follow their line of reasoning and that the organization, development, and style are appropriate to task, purpose, and audience. Students make strategic use of digital media and visual displays of data to express information and enhance understanding. They adapt speech or writing to a variety of contexts and communicative tasks.</p>
<p>Use technology and digital media strategically and capably</p>	<p>The curriculum emphasizes: accessing, using, managing, and evaluating information; understanding ethical issues and avoiding plagiarism; analyzing media's messages, purposes, and potential to influence beliefs and behaviors; and using technology as a tool to research, organize, evaluate, and communicate effectively.</p>

Appendix G

Opportunities For Learning Public Charter Schools

Reclassification Checklist

Student Name: _____

Student SSID ID #: _____ DOB: _____

Reclassification Submission Packet (RSP) – Cover Page

Center/Charter _____

ELD Coach _____

Date _____

STEP 1 - Test Score Eligible

- ELD coaches will identify eligible students based on passing ELPAC scores
- Verify Star Ren Scaled Score
- Make sure parent 1st notification letter goes out

STEP 2 - Gather & Review Documents

- ELD coaches will work with the test site coordinator to get the first notification letter to parents and signed.
- If the first notification letter is not signed, then the 2nd notification letter needs to be sent to the parent and signed.
- English Learner Reclassification Form must be completely filled out.
- Schedule team meeting: ELD Coach/ Parent/ Teacher/ SGI/ student/EL Specialist
- Star Ren Score (snip into tab) and ELPAC score sheet (snip into tab)

STEP 3 - Sending documents to ELD Compliance

- Email completed pdf workbook to Skyrocket ELD-Compliance Manager.

Follow Up:

- You will be notified if the student is eligible or ineligible within 5 days
- We may request additional information which will extend eligibility
- Beyond the five days.

Friendly reminder when storing documents

- Keep ORIGINAL copies of documents on file in the ELD TAB: English Learner Reclassification Form Tabs (form, notification, notes, final letter)
- STAR Renaissance Scores (diagnostic report)
- ELPAC Score Report

Appendix H

Sample Parent/Guardian Notification Letter for Annual Assessment Results – English Learners Being Considered for Reclassification

Opportunities For Learning
Public Charter Schools

First Notification

Dear Parents or Guardians:

State and federal laws require all school districts in California to give a state test of English proficiency each year to every student who is identified as an English learner. In California, the name of this test is the California English Language Development Test (ELPAC). The results of the ELPAC help to measure how each student is progressing toward proficiency in English in the areas of listening, speaking, reading, and writing.

Your child has been given the ELPAC for the current school year, and the results are attached. Based on your child's performance on this test, **(student name)** may be reclassified as fluent English proficient (RFEP). In addition to the ELPAC results, criteria used to make this decision include an evaluation of your child's academic performance by the teacher, your opinion and consultation as the parents or guardians about his/her proficiency in English, and your child's performance on Star Renaissance Reading Assessment.

You are invited to attend a special meeting at the school to discuss the reclassification process and the recommended program for your child. Congratulations!

Sincerely,

Principal / ELD ADMIN Designee

Opportunities For Learning
Public Charter Schools

Primera Notificación

Estimados padres de familia o tutores:

Las leyes estatales y federales requieren que todos los distritos escolares de California apliquen cada año una prueba estatal de dominio del inglés a todos los estudiantes identificados como estudiantes de inglés como segunda lengua (conocidos en inglés como *English learners*). En California esta prueba se llama la Prueba para Medir el Desarrollo del Inglés en California (conocida, por sus siglas en inglés, como la prueba ELPAC). Los resultados de la prueba ELPAC ayudan a medir el progreso de cada estudiante hacia el dominio del inglés en las áreas de comprensión auditiva, expresión oral, lectura y expresión escrita.

Su hijo/a ha participado en la prueba ELPAC correspondiente al presente año escolar, y los resultados están adjuntos. De acuerdo con el rendimiento que demostró en esta prueba, podrá ser reclasificado como estudiante con dominio competente del inglés (conocido en inglés como *reclassified fluent English proficient* o, por sus siglas en inglés, como RFEP). Además de los resultados de la prueba ELPAC, los criterios usados para tomar esta decisión incluyen una evaluación del rendimiento académico de su hijo/a realizada por el maestro, su opinión, como padre de familia o tutor, sobre la competencia de su hijo/a en inglés y el rendimiento de su hijo/a en la Prueba de los

[Back to Top](#)

Estándares Académicos de California en Lengua y Literatura en Inglés (conocida en inglés como *California English–Language Arts Standards Test*) y aplicada como parte del Programa de Exámenes y Reportes Estandarizados (conocido, por sus siglas en inglés, como el Programa STAR).

Le invitamos a asistir a una junta especial en la escuela para discutir el proceso de reclasificación y el programa recomendado para su hijo/a. ¡Felicidades!

Atentamente,

Superintendente/Director

Sample Parent/Guardian Notification Letter for Annual Assessment Results – English Learners Being Considered for Reclassification

Final Determination Letter

Dear Parents or Guardians:

This letter is to inform you that your child has taken the California English Language Development Test (ELPAC) during the Summative Assessment Testing Window. Based upon your child's performance on this test, your child was evaluated to be reclassified as a Redesignated Fluent English Proficient (RFEP) student. In addition to the ELPAC results, criteria used to make this decision included an evaluation of your child's academic performance by OFL's Language Assessment Team, your child's performance on the Star Renaissance Reading Assessment, and parents/guardians opinion and consultation. As a result of the evaluation, your child will be reclassified as RFEP on _____ by Opportunities For Learning Public Charter Schools. This means your child is not required to test for ELPAC at our school or any other school for the remainder of their education. Congratulations!

Sincerely,

Principal/Principal Designee

Carta De Determinación Final

Estimados padres o tutores:

Esta carta es para informarle que su hijo ha tomado la Prueba de desarrollo del idioma inglés de California (ELPAC) durante la ventana de prueba de evaluación sumativa. Basado en los resultados de su hijo(a) en esta prueba, su hijo(a) fue evaluado para reclasificación como un estudiante Reclasificado en Inglés (RFEP). Además de los resultados del ELPAC, los criterios utilizados para tomar esta decisión incluyen una evaluación de desempeño de su hijo(a) por el Departamento de Evaluación de Idiomas de OFL, el rendimiento en la Prueba de Estándares de California de Inglés y Literatura (dada como parte del examen de lectura Star Renaissance). Como resultado de la evaluación, su hijo(a) ese legible de ser reclasificado como RFEP el _____ por Opportunities For Learning Public Charter Schools. Esto significa que su hijo(a) no está obligado a probar ELPAC en nuestra escuela o cualquier otra escuela por el resto de su educación. ¡Felicidades!

Atentamente,

Director/a

Appendix J

California statute requires that every teacher who provides instructional services to an English Learner be authorized to provide specialized instruction for those learners. This instruction would either 1) help the learners to understand instruction that is taught only in English, 2) help the learners develop their ability to listen, speak, read and write in English, 3) be provided in the learners' primary language as English is acquired, or 4) be taught in a language other than English for those learners in a dual immersion program. These are more commonly referred to as English Language Development (ELD), Specially Designed Academic Instruction in English (SDAIE), also referred to as 'integrated' language development, and bilingual instruction.

Different authorizations are available for distinct purposes and credential holders.

SERVING ENGLISH LEARNERS

This leaflet([https://www.ctc.ca.gov/credentials/leaflets/serving-english-learners-\(cl-622\)](https://www.ctc.ca.gov/credentials/leaflets/serving-english-learners-(cl-622))) provides a summary of the documents issued by the Commission that authorize instruction to English learners. Complete information about the authorizations and requirements for these documents can be obtained from the Commission's website. A teacher who is assigned to provide any of the following services must hold an appropriate authorization to provide the instruction to students.

- Instruction for English language development (ELD)
- Specially designed academic instruction delivered in English (SDAIE)
- Content instruction delivered in the primary language
- Instruction for Primary Language Development

Table 1 lists the documents issued by the Commission that authorize one or more of these types of instruction to English learners.

Documents Currently Issued by the Commission that Authorize Instruction to English Learners Teaching Credentials with English Learner or Bilingual Authorization

All teacher candidates admitted to a California Multiple or Single Subject Teacher Credential Program on or after July 1, 2002 complete embedded English learner course work authorized under Assembly Bill 1059 (Chap. 711, Stats. 1999). In June 2006, an English Learner Authorization (ELA) was also embedded in the coursework for the Education Specialist Credential. These individuals earn an ELA directly on their teaching credential.

Candidates enrolling in California teacher preparation programs since January 1, 2014 earn an ELA upon program completion that has been revised in scope. An individual issued a Multiple Subject, Single Subject, or Education Specialist Credential with the revised ELA may provide ELD to students within the subject(s) authorized by the credential and SDAIE instruction, but is not authorized to provide departmentalized ELD instruction. See Coded Correspondence 14-01 on the Commission's website for more details.

Educators who earn the revised ELA that only authorizes ELD within the content being taught may complete either a Commission-approved California Teachers of English Learners (CTEL) program or the CTEL exam to expand their authorization to include departmentalized ELD.

Individuals interested in obtaining a Bilingual Authorization in conjunction with their credential program should contact a college or university with a Commission-approved Bilingual Authorization program. Individuals prepared outside of California must meet the requirements for an ELA or Bilingual Authorization as outlined in the credential leaflets referenced below.

English Learner Authorization/CLAD Certificates and Bilingual Authorizations

Requirements for the full ELA (authorizes departmentalized ELD) or Cross-cultural, Language and Academic Development (CLAD) Certificate may be satisfied by course work completed through a Commission-approved CTEL program, passing the appropriate Commission-approved examinations, or through a combination of exams and course work. The Bilingual Authorization may be earned by passage of the appropriate Commission-approved examinations, completion of a Commission-approved Bilingual Authorization program, or a combination of exams and coursework. Individuals must have a valid prerequisite credential on file at the time of issuance for either of these authorizations. Information regarding specific requirements may be found on the English Learner Authorization/CLAD Certificate leaflet, CL-628C, Bilingual Authorization leaflet, CL-628B, and Coded Correspondence 10-07.

Single Subject-World Language: English Language Development (ELD)

The World Language: ELD content area may be listed as a stand-alone authorization on a Single Subject Teaching Credential, intern credentials (university and district) by a program sponsor with an approved pedagogy course, Short-Term Staff Permits, Provisional Internship Permits, and Variable Term Waivers. The World Language: ELD

content area authorizes departmentalized ELD instruction including reading, writing, listening, and speaking, and SDAIE for additional content areas added or any other basic credential held.

Bilingual Crosscultural Specialist Credentials

The requirements for a Bilingual Crosscultural Specialist Credential are possession of a valid prerequisite credential and completion of a Commission-approved Bilingual Crosscultural Specialist Program. Authorizes ELD and to teach departmentalized and self-contained classes to English learners in the target language listed or in ELD programs. Individuals prepared outside of California must seek advisement and be recommended by a California college or university with a Commission-approved program.

University Intern Credentials with English Learner or Bilingual Authorization

Individuals must contact a college or university with a Commission-approved intern program for the Multiple Subject, Single Subject, or Education Specialist Teaching Credential with ELA for admission requirements. Those seeking a Bilingual Authorization should contact the Commission-approved program sponsor for specific requirements. After completing an intern program, the applicant must secure the formal recommendation of the institution for full certification. A link to a list of institutions with Commission-approved intern programs may be found on the University Intern Credentials leaflet, CL-402A.

District Intern Credentials with English Learner or Bilingual Authorization

The District Intern Credential is an alternative route to earning a teaching credential. Within the program, an individual will earn either an ELA or Bilingual Authorization. Specific requirements and contact information may be found on the District Intern Credential leaflet, CL-707B.

Emergency CLAD/Bilingual Authorization Permits

Emergency CLAD and Bilingual Authorization Permits are available only at the request of an employing agency. Individuals seeking employment based upon an emergency permit must contact a prospective employer for information. The holder must have a valid prerequisite credential on file at the time of issuance. Emergency permits may be reissued twice, authorizing a maximum of three years of service to complete requirements for the ELA/CLAD Certificate or Bilingual Authorization. For more information, see Emergency Permits-Crosscultural, Language and Academic Development (CLAD) and Bilingual Authorization Permits leaflet, CL533O-CLAD-BL.

Provisional Internship Permits/Short-Term Staff Permits

Multiple Subject, Single Subject, and Education Specialist Provisional Internship Permits and Short-Term Staff Permits with an ELA or Bilingual Authorization are only available at the request of an employing agency. Individuals seeking employment based upon these types of permits must contact a prospective employer. More information may be found

Credential Leaflet CL-856 for the Provisional Internship Permit and Credential Leaflet CL-858 for the Short-Term Staff Permit.

Certificates of Completion of Staff Development

The Certificate of Completion of Staff Development authorizes the holder to teach Specially Designed Academic Instruction Delivered in English (SDAIE) to English learners within the subject matter content and grade level of the holder’s prerequisite credential. The holder must have a valid prerequisite credential on file at the time of issuance. Information regarding current requirements may be found on the Certificate of Completion of Staff Development leaflet, CL-824.

Note [1]:

- ELD: Instruction for English language development.
- SDAIE: Specially designed academic instruction delivered in English.
- Bilingual Instruction: Instruction for primary language development and content instruction delivered in the primary language.

Note [2]: May complete CTEL program or exam to expand this authorization to include departmentalized ELD (earns ELA1 or CLAD certificate).

Note [3]: Separate EL authorization will not be added to a credential issued in this content area. See Coded Correspondence 14-01

Note [4]: No longer issued but holders of valid documents may continue to serve on these documents.

Note [5]: No longer initially issued but may be renewed. Although the holder may legally be assigned to teach ELD, the Commission does not recommend this assignment unless the holder possesses specific skills or training in ELD teaching.

Note [6]: Only applies to the clear CTE credential. The five year preliminary CTE credential program does not contain SDAIE embedded coursework or provide a SDAIE authorization.

Note [7]: May be issued with the bilingual authorization when accompanied by proof of target language proficiency.

Note [8]: Option authorizing ELD within the grade, setting, and content area of the credential applies only for teachers holding Multiple Subject, Single Subject or Education Specialist credentials. This option had a sunset date of January 1, 2008. See Coded Correspondence 07-16. Some of the authorizations have restrictions based on the methods used to qualify for the certificate. Authorizes SDAIE only for holders of the

Appendix K

Key EL Program Components	Key Implementation Questions - Do we have a system in place to ensure:	
	Yes/No	
Initial Identification and Assessment		A Home Language Survey is completed for all students?
		Initial ELPAC assessments are completed within guidelines?
		Parent Notification of assessments results and program selection are on file?
English Language Development		All ELs receive ELD instruction appropriate for their level of English proficiency using standards-based ELD curriculum?
		Teachers monitor ongoing ELD progress?
		ELD instruction takes into consideration District recommendations?
		Progress data indicates ____% of all ELs at ELPAC levels are advancing 1 level annually?
		There is an ELD Academic Learning Plan in place to help ELs accelerate their ELD progress? Note: ELD goals for EL students receiving Special Education services must be delineated on the IEP.
Access to Core Curriculum		All ELs receive appropriate Master Plan program services to ensure access to standards-based grade-level instruction?
		Achievement data indicates that ELs are learning grade-level academic content?

		All sub skills areas for ELs with ELPAC levels level 3 or 4 overall levels are at least at oral and writing composite levels of 3 or 4?
		There is an Academic Learning Plan in place to help ELs recoup any academic deficits?
Staffing		All teachers delivering designated ELD instruction have the appropriate EL authorized credentials or are enrolled in courses leading to the appropriate authorization?
		All teachers delivering integrated instruction have the appropriate EL authorized credentials or are enrolled in courses leading to the appropriate authorization?
		All classes have an appropriate student to teacher ratio?
Parent Participation		There are parent/guardian informative workshops offered throughout the year?
		Parent/guardian workshops focus on programs and services for ELs?
		Parents/guardians are given the opportunity to participate in parent committees (i.e. DELAC, PAC, etc...)?
		School fliers, bulletins, alerts, notifications and other communications are provided in parents/guardians preferred language?

Appendix L

Observation Protocol for Teachers of English Learners (OPTEL)

This document fulfills requirements in *Education Code 313(f)(2)* for the teacher evaluation component of the statewide reclassification criteria. This form may also be used as a tool for formative purposes and ongoing consultation with parents/guardians.

Student Name: Grade Level: Date(s) Observed:
 IEP: Yes No 504 Plan: Yes No ELPAC Level:

A. Description of Receptive Skills: Listening and Reading Comprehension *(Select one level from the choices below)*

K–12 ELD Standards Addressed: Part I 1–8, Part II 1–7

Level 1 (Emerging: Substantial linguistic support needed to engage in grade-level learning)

- The student *rarely* exhibits listening and reading comprehension skills at a level of parity with English proficient grade-level peers.
- Only with *substantial* teacher support can the student construct meaning while or after listening to or reading grade-level complex texts.
- The student *rarely* appears to comprehend conversations, discussions, and complex texts unless linguistic supports are provided.

Level 2 (Early–Mid Expanding: Moderate linguistic support needed to engage in grade-level learning)

- The student *sometimes* exhibits listening and reading comprehension skills at a level of parity with English proficient grade-level peers.
- With *moderate* teacher support, the student can construct meaning while or after listening to or reading grade-level complex texts, but not yet at a level of parity with English proficient grade-level peers.
- The student *sometimes* appears to comprehend conversations, discussions, and complex texts and sometimes relies on linguistic supports.

Level 3 (Late Expanding–Early Bridging: Light linguistic support needed to engage in grade-level learning)

- The student *often* exhibits listening and reading comprehension skills at a level of parity with English proficient grade-level peers.
- With *light* teacher support, the student can construct meaning while or after listening to or reading grade-level complex texts at a level of parity with English proficient grade-level peers.
- The student *often* appears to comprehend conversations, discussions, and complex texts and occasionally relies on varying linguistic supports.

Level 4 (Mid–Late Bridging: Minimal linguistic support needed to engage in grade-level learning)

- The student *consistently* exhibits listening and reading comprehension skills at a level of parity with English proficient grade-level peers.
- With *minimal* teacher support, the student can construct meaning while or after listening to or reading grade-level complex texts at a level of parity with English proficient grade-level peers.
- The student *consistently* comprehends conversations, discussions, and complex texts and almost never relies on linguistic supports.

- English Language Arts/Literacy
- English Language Development
- Mathematics
- Science
- History/Social Science

Other:

Interaction Type(s) *(Choose all that apply):*

- Whole Group (one-to-many)
- Small Group (one-to-few)
- Pairs (one-to-one)

Other:

What did you consider that led you to mark this level? *You may attach supporting documentation.*

If the student has an IEP, describe any accommodations that were used during the observation(s), and the extent to which, as applicable, the student's disability may have had an impact on their rating.

SEE PAGE 4 FOR GLOSSARY OF TERMS

B. Description of Expressive Skills: Speaking and Writing

(Select one level from the choices below)

K–12 ELD Standards Addressed: Part I 1–4 & 9–12, Part II 1–7

Level 1 (Emerging: Substantial linguistic support needed to engage in grade-level learning)

- The student *rarely* expresses thoughts and ideas in speaking and writing at a level of parity with English proficient grade-level peers without significant support.
- Only with *substantial* teacher support can the student use grade-level discipline specific and general academic terms during conversations and in writing. The student demonstrates frequent approximations in their use of syntax and vocabulary.
- The student *rarely* expresses grade-level ideas effectively in written texts and oral presentations or discussions and frequently relies on linguistic supports to do so.

Level 2 (Early–Mid Expanding: Moderate linguistic support needed to engage in grade-level learning)

- The student *sometimes* expresses thoughts and ideas in speaking and writing at a level of parity with English proficient grade-level peers.
- With *moderate* teacher support, the student *sometimes* uses grade-level discipline specific and general academic terms during conversations and in writing with syntax and vocabulary usage nearing—but not yet at—a level of parity with English proficient grade-level peers.
- The student *sometimes* expresses grade-level ideas effectively in written texts and oral presentations or discussions and relies on varying linguistic supports in order to do so.

Level 3 (Late Expanding–Early Bridging: Light linguistic support needed to engage in grade-level learning)

- The student *often* expresses thoughts and ideas in speaking and writing at a level of parity with English proficient grade-level peers.
- With *light* teacher support, the student *often* uses grade-level discipline specific and general academic terms during conversations and in writing with syntax and vocabulary usage nearing a level of parity with English proficient grade-level peers.
- The student *often* expresses grade-level ideas effectively in written texts and oral presentations or discussions and sometimes relies on linguistic supports to do so.

Level 4 (Mid–Late Bridging: Minimal linguistic support needed to engage in grade-level learning)

- The student *consistently* expresses thoughts and ideas in speaking and writing at a level of parity with English proficient grade-level peers.
- The student *consistently* uses grade-appropriate discipline specific and general academic terms during conversations and in writing with syntax and vocabulary at a level of parity with English proficient grade-level peers.
- The student *consistently* expresses grade-level ideas effectively in written texts and oral presentations or discussions and almost never relies on linguistic supports to do so.

Glossary of Terms

California English Language Development Standards (CA ELD Standards) – The California English Language Development Standards (CA ELD Standards) amplify the California State Standards for English Language Arts and Literacy in History/Social Studies, Science, and Technical Subjects (ELA/Literacy). The CA ELD Standards, when used in tandem with state content standards, assist English learner students to build English proficiency, refine the academic use of English, and provide students access to subject area content.

English Language Development (ELD) – English language development (ELD) instruction is designed to enable English learner students to attain proficiency in English and to develop the skills and confidence in listening, speaking, reading, and writing that are the foundation of achievement inside and outside the classroom.

English Language Development (ELD) Standards – see “California English Language Development Standards (CA ELD Standards)”

English Language Proficiency Assessments for California (ELPAC) – The ELPAC is the required state test for English language proficiency (ELP) that must be given to students whose primary language is a language other than English.

English Learner (EL) - An English learner is a student who enrolls in a California school beginning in any grade level, transitional kindergarten through grade twelve, has a language other than English identified on the Home Language Survey, and upon assessment, obtained a level of English proficiency that indicates programs and services are necessary. Students identified as English learners receive programs and services until they meet the reclassification criteria pursuant to *Education Code (EC)* Section 313.

Fluent English Proficient – See “Reclassified Fluent English Proficient”

Individualized Education Program (IEP) – An Individualized Education Program (IEP) is an individualized document designed for each public school child who receives special education and related services. The IEP creates an opportunity for teachers, parents, school administrators, related services personnel, and students (when appropriate) to work together to improve educational results for children with disabilities.

Reclassification – Reclassification is the process whereby a student is reclassified from English learner (EL) status to Fluent English Proficient (RFEP) status. Reclassification can take place at any time during the academic year, immediately upon the student meeting all the criteria.

Reclassified Fluent English Proficient (RFEP) Student – A reclassified fluent English proficient student is a former EL student who has met the four criteria specified in California *EC* Section 313(f). For more information on the four criteria for reclassification, please visit CDE's [Reclassification web page](#).
